(Department of Pension and Pensioners' Welfare)

New Delhi, the 23rd August, 1991

S.O. 2287.—In exercise of the powers conferred by the proviso to article 309, read with clause (5) of article 148, of the Constitution and after consultation with the Comptroller and Auditor General of India in relation to persons serving in the Indian Audit and Accounts Department, the President hereby makes the following rules further to amend the Central Civil Services (Pension) Rules, 1972, namely :—

1. (1) These rules may be called the Central Civil Services (Pension) Third Amendment Rules, 1991.

(2) They shall come into force on the date of their publication in the Official Gazette.

2. In the Central Civil Services (Pension) Rules, 1972, in rule 9, for sub-rule (1), the following sub-rule shall be substituted, namely :—

“(1) The President reserves to himself the right of withholding a pension or gratuity, or both, either in full or in part, or withdrawing a pension in full or in part, whether permanently or for a specified period, and of ordering recovery from a pension or gratuity of the whole or part of any pecuniary loss caused to the Government, if, in any departmental or judicial proceedings, the pensioner is found guilty of grave misconduct or negligence during the period of his service, including service rendered upon re-employment after retirement :

Provided that the Union Public Service Commission shall be consulted before any final orders are passed.

Provided further that where a part of pension is withheld or withdrawn the amount of such pensions shall not be reduced below the amount of rupees three hundred seventy five per mensem.”

[No. 7/14/90/P&PW (F)]  
M. R. VAIDYA, Director

Foot Note—The Central Civil Services (Pension) Rules, 1972 were published as S.O. No. 934 dated 1-4-1972. The Fourth Edition (corrected upto July, 1988) of the rules was printed in 1988. The rules were subsequently amended vide Department of Pension and Pensioners' Welfare Notification given below :—

MINISTRY OF COMMERCE

(Office of the Chief Controller of Imports and Exports)

ORDER

New Delhi, the 26th August, 1991

S.O. 2296.—M/s. Vikrant Tyres Ltd., Mysore were granted an import licence No. I/CG/2044765 dated 23-2-89 for Rs. 6,13,98,700 (Rupees six crores, thirteen lakhs, ninety eight thousands, seven hundreds only) for import of Denage Motor and Radial Truck Tyres Moulds under ICICI/IFCI/IDEI.

The firm has applied for issue of Duplicate copy of Exchange Control purposes copy of the above mentioned licence on the ground that the original Exchange Control copy of the licence has been lost or misplaced. It has further been stated that the Exchange Control copy of the licence was registered with any Customs Authority, Madras and as such the value of Customs Purpose copy has been utilised partly.

2 In support of their contention, the licensee has filed and affidavit on stamped paper duly sworn in before a Notary Public Mysore City. I am accordingly satisfied that the original Exchange Control copy of import licence No. I/CG/2044765 dated 23-02-89 has been lost or misplaced by the firm. In exercise of the powers conferred under sub-clause 9(cc) of the Import (Control) Order, 1955 dated 7-12-1955 as amended the said original Exchange Control copy No. I/CG/2044765 dated 23-2-89 issued to M/s. Vikrant Tyres Ltd., Mysore is hereby cancelled.

3. A duplicate Exchange Control copy of the said licence is being issued to the party separately.

## MINISTRY OF FOOD AND CIVIL SUPPLIES

(Department of Civil Supplies)

## BUREAU OF INDIAN STANDARDS

New Delhi, the 13th August, 1991

S O. 2297.—In pursuance of sub-regulation (5) of regulation 4 of the Bureau of Indian Standards (Certification) Regulations, 1988, the Bureau of Indian Standards, hereby notifies the grant of licences particulars of which are given in the following schedule.

## SCHEDULE

Sl. Licence No. No. (CM/L- )	Operative Date	Name and Address of the Licensee	Article/Process covered by the licences and the relevant IS: Designation
1	2	3	4
1. 1972571	1989-05-01	M/s Shriram Synthetic Fabrics, 329, Modern Industrial Estate, Phase I, Bhadurgarh (Haryana)	Laminated jute bags for packings fertilizers manufactured from 407 gm <sup>2</sup> 85 x 39 Tar- paulin fabric IS: 7506 (Part I)—1984

1	2	3	4	5
2. 1972672	1989-05-16	M/s Green Revolution Centre, 94, C-3-III Cross Road, Industrial Estate, Ambattur, Madras-600058	BHC DP 1.3 % G.I. IS: 561-1978	
3. 1972773	1989-05-16	M/s Amar Plastics, Amar House, Plot No. 103, Road No. 12, Marol, MIDC Andheri (East) Bombay-400093	UPVC Pipes 1. Upto and including 110 mm $\phi$ 12, 2. 125-180 mm, $\phi$ 12. IS: 4985-1981	
4. 1972874	1989-05-16	M/s U.P. Concrete Product (P) Ltd., Jain Industrial Estate, Hapur Road, Ghaziabad (UP)	RCC Pipes in Class NP 2 and NP 3 Class Size Type	
			NP 2 Upto and including 1200 mm and 1800 mm	Plain ends
			NP 3 450 and 600 mm	Plain ends
			IS: 458-1971	
5. 1972975	1989-05-16	M/s Punjab Co ncast Steels Ltd., Focal Point, Ludhiana-141010	Mild steel cast billets ingots grade-I for rolling into structural steel (Standard Quality) IS: 6914-1978	
6. 1973068	1989-05-16	M/s Skyline Inds. Pvt. Ltd., A/8, Sukhliya Indl. Area, Sanwar Road, Indore. (Office: 17-18 Pologround Industrial Estate, Indore-452003)	Aluminium conductors galvanized steel rein- forced for overhead transmission purposes for all ranges IS: 398 (Part II)-1976	
7. 1973169	1989-05-16	M/s Kukreja Industries, 20-B, Light Industrial Area, Bhilai-490026 (M.P.)	Enamel exterior (A) undercoating (B) Finishing Shade Brilliant green colour, Category-13 IS: 2933-1975	
8. 1973270	1989-05-16	M/s Kukreja Industries, 20-B, Light Industrial Area, Bhilai-490026 (M.P.)	Ready mixed paint brushing finishing semi- glass for general purposes IS: 123-1962	
9. 1973371	1989-05-16	M/s Khetawat Wire Ropes Pvt. Ltd., 403, Urla Industrial Area, Raipur-493221 (M.P.)	Steel wire ropes for general engineering purposes IS: 2266-1977	
10. 1973472	1989-05-16	M/s Kukreja Industries, 20-B, Light Industrial Area, Bhilai-490026 (M.P.)	Ready Mixed paint Red Oxide Zinc chrome priming IS: 2074-1979	
11. 1973573	1989-05-16	M/s Khetawat Cables & Conductors (P) Ltd., 402, Urla Industrial Area, Raipur-493221 (M.P.)	PVC insulated (Heavy Duty) sheathed armour- ed and unarmoured Electric cables for working voltages upto and including 1100 V including application in low temperature conditions with Al Conductors IS: 1554 (Part I)-1976	
12. 1973674	1989-05-16	M/s Universal Cables Ltd., Birla Vikas, Satna-485001 (Office: P.B. No. 9, Satna-485001, M.P.)	PVC insulated unsheathed, sheathed cables Aluminium and copper conductors exclud- ing cables for outdoor and low temperature application IS: 694-1977	
13. 1973775	1989-05-16	M/s Bhopal Wires (P) Ltd. 7-1, Industrial Area, Govindpura, Bhopal	Aluminium conductors, galvanized steel rein- forced for overhead, transmission purposes for only combinations of 6 No. of Aluminium conductor and No. 1 of Galvanized steel wire for Reinforcement. Capacity of drawing aluminium conductors. Size from 1.90 to 10mm Size 6/1/1.96 to 4.72 mm IS: 393 (Part II)-1976	
14. 1973876	1989-05-16	M/s Quality Cable Co. Amarnatak Road, Anuppur-484224, Distt. Shahdol (M.P.)	Shot firing cables (for use other than shaft Type-I, Twin cable with copper plain) Con- ductors, 7 per core IS: 5950-1984	

1	2	3	4	5
15. 1973977	1989-05-16	M/s Bajrang Bali Cement Plot No. 572 & 602, Urla Industrial Area, Raipur-492001 (M.P.)	Portland slag cement IS: 455—1976	
16. 1974070	1989-05-16	M/s Rama Wood and General Industries Ltd., Phase-III, Industrial Area, Fatwah-803206 (Office: Suprabhat Building, Exhibition Road, Patna-800001)	Wooden Flush door shutters (Solid core type) Part-I, plywood. Face panels IS: 2202 (Part I)—1983	
17. 1974171	1989-05-16	M/s Swastik Engg. Works, Central Jail Road, Bhagalpur-812010 (Office: Station Road, Bhaipur-812002)	Aluminium conductors Galvanized steel reinforced for overhead transmission purposes, Tensile testing machine of 250 Kg capacity and can test aluminium wires upto 4.13 mm. All sizes except 6/4.72 (AI)+7/1.57 (Steel) IS: 398 (Part II)—1976	
18. 1974272	1989-05-16	M/s Podder Leather Industries, P.O. Deshbandhu Nagar, Baginhati, Calcutta-700059	Leather Pump bucket made from vegetable tanned leather IS: 1015—1987	
19. 1974373	1989-05-16	M/s Techno Pack Ltd., 10, Kumarpura Road, Liluah, Howrah (Office: Sagar Estate, 2 N.C. Dutta Sarani, 6th Floor, Apt-7, Calcutta-700001)	Laminated Jute Bags manufactured from 407g/m <sup>2</sup> , 85 × 39 Tarpaulin Fabric IS: 7406 (Part I)—1984	
20. 1974474	1989-05-16	M/s Techno Pack Ltd., 10 Kumarpura Road, Liluah, Howrah (Office: Sagar Estate, 2 N.C. Dutta Sarani, 6th Floor, Apt-7, Calcutta-700001)	Laminated Jute Bags manufactured from 380g/m <sup>2</sup> , 68 × 39 Tarpaulin Fabric IS: 7406 (Part II)—1986	
21. 1974575	1989-05-16	M/s Sur Chemical Industries, Hyangra, Lichubagan, P.O. Deshbandhunagar, P.S. Rajarhat, Calcutta-700059 (Office: 71, Biplabi Rash Behari Bose Road, Calcutta-700001)	Disinfectant Fluids Black and White Type—Normal Grade—3A Class A IS: 1061—1982	
22. 1974676	1989-05-16	M/s M.M. Industries, 138, Grand Fore Shore Road, Ramkistapur, Howrah	Laminated Jute Bag for packing fertilizer manufactured from 407g/m <sup>2</sup> 85 × 39 Tarpaulin Fabric IS: 7406 (Part I)—1984	
23. 1974777	1989-05-16	M/s M.M. Industries, 138, Grand Fore Shore Road, Ramrkstopur, Howrah (Office: 130, Cotton Street, Calcutta-700007)	Laminated Jute Bags for packing Fertilizer manufactured from 380 g/m <sup>2</sup> , 68 × 39 Tarpaulin Fabric IS: 7406 (Part II)—1986	
24. 1974878	1989-05-16	M/s Manvijay Development Co. Ltd., 59/1, Krishnapur Road, Calcutta-700028	Laminated Jute Bags for packing Fertilizer manufactured from 380g/m <sup>2</sup> , 68 × 39, Tarpaulin Fabric IS: 7406 (Part II)—1986	
25. 1974979	1989-05-16	M/s Manvijay Development, Co. Ltd., 59/1, Krishnapur Road, Calcutta-700028	Laminated Jute Bags for packing Fertilizer manufactured from 407 g/m <sup>2</sup> , 85 × 39 Tarpaulin Fabric IS: 7406 (Part I)—1984	

1	2	3	4	5
26. 1975072	1989-05-16	The Empire Jute Co. Ltd., 15, Barrackpore Trunk Road, P.O. Talpukur-643187, 24 Parganas (North) (Office: 6B, Clive Row, Ground Floor, Calcutta-700001)	A-Twill Jute Bags IS: 1943—1964	
27. 1975173	1989-05-16	M/s Chelapark Co. Pvt. Ltd., P.B. No. 4400, A-93, Industrial Estate, Rajajinagar, Bangalore-560044	Stamp Pad Ink Grade B IS: 393—1985	
28. 1975274	1989-05-16	M/s Famous Engineering Co. 1672, Modi Road, Devara Jeevarahalli, Bangalore-560045 (Office: 48/1, 1st Cross, Kalasipalayam New Extension, Bangalore-560002)	Submersible Pumpsets for 150 mm Bore with 30 induction Motor, Wet Type, 415V, 50 HZ and 2900 rpm IS: 8034—1976	
29. 1975375	1989-05-16	M/s Kohinoor Cements (P) Ltd. Raghunathapalem Village, Mathanpalli Mandal, Nalgonda Distt. (Office: 6-3-902/714, Somajiguda, Rajbhavan Road, Hyderabad-500482)	Ordinary Portland Cement  IS: 269—1976	
30. 1975476	1989-05-16	M/s Venkateswara Electrodes Pvt. Ltd., F-17/A, Phase-I, IDA, Jeedimetla, Hyderabad-500855 (Office: 5-5-97, Ranigunj, Secunderabad-500003)	Covered Electrodes for welding products other than sheets  IS: 814 (Part I)—1974	
31. 1975577	1989-05-16	M/s Hemadri Cements Ltd., Vedadri Village, Jaggayyapet Mandel, Krishna Distt. (A.P.) (Office: 1-10-226, Ashok Nagar, Hyderabad-500020)	Portland Pozzolana Cement IS: 1489—1976	
32. 1975678	1989-05-16	The KCP Ltd., (Ramakrishna Cements) Macherla -522426, Guntur Distt. (A.P.)	43. Grade Ordinary Portland cement IS: 8112—1976	
33. 1975779	1989-05-16	M/s Sagar Cements Ltd., Mathanpally Huzurnagar Taluq, Nalgonda Distt. (A.P.) (Office: II Floor, SantiSikara Complex, Somajigunda Rajbhavan Road, Hyderabad-500482)	43. Grade Ordinary Portland Cement IS: 8112—1976	
34. 1975880	1989-05-16	M/s Krithi Industries, Ganapathy P.O. Coimbatore-641006	Motors for submersible Pumpsets for 415V Wet type with Cat 'A' Voltage and frequency Variation and ratings 3.7 KW and 7.5 KW IS: 9283—1979	
35. 1975981	1989-05-16	M/s Southern Insecticides & Fertilizers, 1-A/2, Industrial Estate, Ambattur, Madras-600098	Butachlor 50% EC IS: 1356—1980	
36. 1976074	1989-05-16	M/s Southern Insecticides & Fertilizers, A-A/2, Industrial Estate, Ambattur, Madras-600098	Dichlorvos 76 % EC IS: 5277—1978	

1	2	3	4	5
37. 1976175	1989-05-16	M/s Saifee Bucket Factory Pvt. Ltd., 37, Sankli Street, Byculla, Bombay-400008 (Office: 156, Nagdevi Street, Bombay-400003)	Mild steel sheet drums (ungalvanized) Type B1 and B2, Capacity 20 litres each IS: 2552—1979	
38. 1976276	1989-05-16	M/s Leo Electric and Battery Co. G-11, MIDC, Kupwad Block, Sangli-416425 (Office: Bhagyashri Bungalow, Near Dadage High School, Shivajinagar, Sangli-416416)	Multi Purpose Dry Batteries Size R 20 Only. IS: 8144—1976	
39. 1976377	1989-05-16	M/s Span Pumps Pvt. Ltd., 965/2 Sanaswadi, Taluka Shirur, Distt. Pune (Office: B-3, Siddheshwar Heights, Baner Road, Sanaswadi, Aundh, Pune)	Deep Well Hand Pumps IS: 9301—1984	
40. 1976478	1989-05-16	M/s HREEM Electronics, Plot No. 192, Industrial Estate, Sangli-416416	Shunt capacitors for power systems for 3Kvar, 415 Volt, MPP/MAP Self healing capacitors temperature Category 50° C IS: 2834—1986	
41. 1976579	1989-05-16	M/s Modern Products Kesakaka Compound, I.B. Patel Road, P.B. No. 9075, Goregaon (E), Bombay-400063	3-Pin socket outlets surface and flush type 5A & 15A, 250V AC rating IS: 1293—1967	
42. 1976680	1989-05-16	M/s Adarsh Metal Industries 8/9, Sidhpura Industrial Estate, S.V. Road, Goregaon (W), Bombay-400062 (Office: Dayamandic, 4th Floor, 123-125 Mumbadevi Road, Bombay-400003)	Aluminum stranded conductors for overhead Transmission purposes IS: 398 (Part I)—1976	
43. 197678	1989-05-16	M/s Samrat Food Products, 32, Industrial Area, Ulhasnagar-421004 Distt. M.(SM) Thane (Office: 7 Dugad Market, Station Road, Kurla (W), Bombay-400070)	Biscuits (Glucose variety) IS: 1011—1981	
44. 1976882	1989-05-16	M/s Gupta Mfg. Co. C-1/175 GIDC Industrial Area, Umergaon, Distt. Valsad	Cables for fixed and flexible wiring with copper conductors excluding cables for outdoor use and low temperature applications IS: 694—1977	
45. 1976983	1989-05-01	M/s Balram Cement Ltd., Village Dhanpura, Taluka Palanpur, Distt. Banaskantha-385130 (Office: Karnavati Ahmedabad Highway, Palanpur-385002)	Ordinary Portland Cement IS: 269—1976	
46. 1977076	1989-05-16	M/s S.K. Don Foundry Rambagh Agra	Cast Iron Double Flanged Pipes of class B and Sizes 100 mm only IS: 7181—1974	
47. 1977177	1989-05-16	M/s Frig Corporation of Rajasthan H-686 Besani II Phase, Industrial Area, Jodhpur-340001	Evaporation Air coolers IS: 3315—1974

## पेट्रोलियम और प्राकृतिक गैस मंत्रालय

नई दिल्ली, 28 अगस्त, 1991

का.भा. 2305--केन्द्रीय सरकार को यह प्रतीत होता है कि लोक-हित में यह आवश्यक है कि गुजरात राज्य में कांडला से पंजाब राज्य में भटिंडा तक राजस्थान और हरियाणा से होकर पेट्रोलियम के परिवहन के लिए इंडियन ओयल कॉर्पोरेशन लिमिटेड द्वारा पाइपलाइन बिछायी जाए;

और ऐसा प्रतीत होता है कि ऐसी पाइपलाइन बिछाने के प्रयोजन के लिए इस अधिसूचना से उपाय अनुसूची में वर्णित भूमि में उपयोग के अधिकार का अर्जन करना आवश्यक है।

घट: अब केन्द्रीय सरकार पेट्रोलियम और खनिज पाइपलाइन (भूमि उपयोग के अधिकार का अर्जन) अधिनियम 1962 (1962 का 50) की धारा 3 की उपधारा (1) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए उसमें उपयोग के अधिकार का अर्जन करने के अपने आशय की घोषणा करती है।

उक्त अनुसूची में वर्णित भूमि में हितबद्ध कोई व्यक्ति उसमें उपयोग के अधिकार का अर्जन या भूमि के अंदर पाइपलाइन बिछाने पर अक्षेप लिखित रूप में श्री एच.एस. बागेड़ा सम्पर्क अधिकारी और सक्षम अधिकारी इंडियन ओयल कॉर्पोरेशन लिमिटेड कांडला भटिंडा पाइपलाइन परियोजना की-45 की सुभाष मार्ग "सी" स्कीम जयपुर-302001 को राजपत्र में प्रकाशित इस अधिसूचना की प्रतियां जनता को उपलब्ध कराए जाने की तारीख से 21 दिन के भीतर कर सकेगा।

## MINISTRY OF PETROLEUM AND NATURAL GAS

New Delhi, the 28th August, 1991

S.O. 205 .—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of Petroleum from Kandla in the state of Gujarat to Bhatinda in the State of Punjab, via Rajasthan and Haryana, Pipelines should be laid by the Indian Oil Corporation limited;

And whereas it appears that for the purpose of laying such pipelines it is necessary to acquire the right of user in the land described in the Schedule annexed to this notification;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 3 of the Petroleum and Minerals Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government hereby declare its intention to acquire the right of user therein.

Any person interested in the land described in the said Schedule may, within 21 days from the date on which the copies of this notification, as published in the Gazette of India, are made available to the general public, object in writing to the acquisition of the right of user therein or laying of the pipeline under the land, to Shri H.S. BAGERA, Liaison Officer and Competent Authority, Indian Oil Corporation Ltd., Kandla-Bhatinda Pipeline project D-45/B, SUBHASH MARG, 'C' SCHEME, JAIPUR-302 001.

[No. R-31015/3/91-O.R.I.]

का. आ. 2306 :—केन्द्र सरकार ने पेट्रोलियम और खनिज पाइप लाइन (भूमि में उपयोग के अधिकार का अर्जन) अधिनियम, 1962 (1962 का 50) की धारा 3 की उपधारा (1) के अधीन जारी और भारत के राजपत्र भाग-3, खण्ड-3, उपखण्ड (ii) पृष्ठ संख्या 4493 से 4498 में प्रकाशित भारत सरकार, पेट्रोलियम और प्राकृतिक गैस संवाहक की अधिसूचना का.आ. 2685, दिनांक 13 अक्टूबर, 90 द्वारा इस अधिसूचना में संलग्न अनुसूची में वर्णित भूमि का अधिग्रहण करने के अपने आशय की सूचना दी थी।

और केन्द्र सरकार की जानकारी में यह बात लाई गई कि राजपत्र में प्रकाशित उपरोक्त अधिसूचना में सुधार की कुछ गलतियाँ हैं।

अतः अब केन्द्रीय सरकार उक्त अधिनियम की धारा 3 की उपधारा (1) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए उक्त अधिसूचना से संलग्न अनुसूची में निम्नलिखित संशोधन करता है :

पृष्ठ संख्या 4493 पर गांव के नाम के कॉलम में लिखें "दादिया" के स्थान पर "दादिया" पढ़ें।

पृष्ठ संख्या 4493 पर दादिया गांव के खसरा सं. कॉलम में पंक्ति 42 पर '249' के स्थान पर '248' पढ़ें।

पृष्ठ संख्या 4494 पर गांव के नाम के कॉलम में 'महाराजपुरा उर्फ बकशाबावा' के स्थान पर 'महाराजपुरा उर्फ बकशाबावा' पढ़ें।

पृष्ठ संख्या 4495 पर पंक्ति 4 पर जगोदानन्दपुरा उर्फ आशावाला गांव के क्षेत्रफल आरे के कॉलम में पंक्ति 4 पर '82' के स्थान पर '02' पढ़ें।

पृष्ठ संख्या 4496 पर भूत गांव के खसरा सं. कॉलम में पंक्ति 7 पर '771' के स्थान पर '77/1' पढ़ें। तथा पंक्ति 19 पर '56' के स्थान पर '66' पढ़ें।

पृष्ठ संख्या 4497 पर खोह नगीरिया गांव के क्षेत्रफल के वर्गमीटर कॉलम में पंक्ति 51 पर खसरा सं. 2282 के सामने '5' के स्थान पर '52' पढ़ें।

खसरा संख्या 1162 के सामने क्षेत्रफल के वर्गमीटर कॉलम में '43' के स्थान पर '12' पढ़ें।

खसरा संख्या 801/2778 के सामने क्षेत्रफल के वर्गमीटर कॉलम में '4' के स्थान पर '44' पढ़ें।

खसरा संख्या '803' (पंक्ति-8) के स्थान पर '801' पढ़ें।

पृष्ठ संख्या 4498 पर लानिवावा गांव के खसरा सं. कॉलम में पंक्ति सं. 14 पर '198' के स्थान पर '196' पढ़ें।

ऐसी भूमि में जिसकी बाबत उपरोक्त संशोधन जारी किया गया है, लिखित कोई व्यक्ति इस अधिसूचना के जारी किए जाने के इक्कीस दिन के भीतर उक्त भूमि के सम्पूर्ण या किसी भाग के या उक्त ऐसी

2208 GI/91—8

या इस पर किसी अधिकार के अर्जित किए जाने के विरुद्ध उक्त अधिनियम की धारा 5 का उपधारा (1) के निबंधनों के अनुसार आक्षेप कर सकेगा।

स्पष्टीकरण :— केवल इस अधिसूचना के द्वारा संशोधित गांव के नाम खसरा सं. व क्षेत्रफल की बाबत उक्त अधिनियम की धारा 5 (1) के निबंधनों के अनुसार इक्कीस दिन की उक्त अवधि यह अधिसूचना जारी की जाने की तारीख से प्रारम्भ होगी।

[संख्या : ओ-31015/5/89-ओ.आर.-1]

कुलदीप सिंह, अवसर सचिव

S.O. 2306.—Whereas by the notification of the Government of India in the Ministry of Petroleum and Natural Gas No. S.O. 2685, dated the 13th October, 1990 published in the Gazette of India, Part II, Section 3, Sub-section (ii) at pages 4498 to 4502, issued under sub-section (1) and Section 3 of the Petroleum and Minerals Pipeline (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government gave notice of its intention to acquire the lands specified in the Schedule appended to that notification ;

And whereas, it has been brought to the notice of the Central Government that certain errors of printing nature have occurred in the publication of the said notification in the Gazette ;

Now, therefore, in exercise of the powers conferred by sub-section (1) of Section 3 of the said Act, the Central Government hereby amends the Schedule appended to the said notification as follows :—

at page 4498, against Survey No. 404/1 of Village Dadla, in the Square Metres' Column, for "6" read "60" ;

at page 4499, against Survey No. 100 and 98 of Village Dadla, in the Are and Square Metres' column for "01 and 26" read "10 and 80" and for "10 and 80" read "01 and 26", against Survey No. 45 of Village Kheri Gokulpura in the Square Metres' column, for "28" read "08", for "Jashodapura Urf Ashawale" read "Jashodanandpura Urf Ashawala" ;

at page 4500, in Village 'Firojura Urf Indrapur', for Survey No. "238" read "328" ;

at page 4501, against Survey No. 426 of Village Mahal, in the Are column for "20" read "02" and in Village Jalpura, in the Hactre column for "08 read "00" ;

at page 4502, against Survey No. 183 of Village Paladi Meena, in Column Are for "00" read "02".

Any person interested in any land in respect of which the above amended has been issued, may within twenty one days of the issue of this notification, object to the acquisition of the whole or any part of the said land or any right in or over such land in terms of sub-section (1) of Section 5 of this Act.

Explanation :

In respect of the lands, Survey Nos. and area amended through this notification only, the said period of twenty one days in terms of Section 5(1) of the said Act starts running from the date of issue of this notification.

## AWARD

Pleadings were completed on receipt of the reference from the Govt. of India, Ministry of Labour & Rehabilitation (Deptt. of Labour) vide Order No. L-19012(70)/83-D. IV(B) dated 18th May, 1984 in respect of the following dispute :

"Whether the action of the Management of Ramnagore Colliery, P.O. Kulti (Burdwan) not to regularise Shri Sukumar Pal as Accounts Clerk in the Clerical Grade-II from the date he is actually working is justified ? If not, to what relief the workmen is entitled and from what date ?"

2. Thereafter on 22nd July, 1991 a settlement petition was filed stating that the parties have arrived at a compromise.

3. That being the position, I make an award in terms of the concerned settlement petition which will form part of this award as Annexure-A.

Dated, Calcutta,

The 24th July, 1991.

MANASH NATH ROY, Presiding Officer.  
[No. L-19012/70/83-D. IV(B)]

## ANNEXURE—A

In the matter of reference No. 18/84 pending before learned Presiding Officer, Central Govt. Industrial Tribunal, Calcutta.

## AND

In the matter of Industrial Dispute raised by Colliery Mazdoor Sabha of India for regularisation of Shri Sukumar Paul, P.No. 11080, Driller, Cat. IV, Ramnagore Colliery, IISCO, P.O. Kulti, Dist. Burdwan (WB) against a post of Clerical Cadre.

## COMPROMISE SETTLEMENT

After prolonged discussion by the representatives of Management of Ramnagore Colliery M/s. IISCO, P.O. Kulti, Dist. Burdwan (WB) and the representatives of Colliery Mazdoor Sabha of India (affiliated to CITU) having its office at 87, Apar Gardens, Asansol, reached at the following settlements :

## TERMS OF SETTLEMENT

1. Shri Sukumar Paul shall be regularised by way of promotion as Clerk in clerical Grd. II in the scale of pay of Rs. 508-23-692-29-808/- with effect from 1-3-81.
2. Shri Sukumar Paul shall be given fitment of basic pay in clerical Grd. II i.e. Rs. 1158-48-1542-58-2006 w.e. 1-9-90 by taking into account his fitment on promotion in clerical Grd. II w.e.f. 1-3-81 and his subsequent annual increments that

he would have drawn in Clerical Grd. II had he been promoted w.e.f. 1-3-81 till 31-8-90.

3. Shri Sukumar Paul will not be entitled to any monetary benefit, whatsoever may be, in the form of back/arrear wages for the period from 1-3-81 to 31-8-90 on account of the above.
4. Shri Sukumar Paul shall be given national seniority as Clerk in Clerical Grd. II w.e.f. 1-3-81.
5. After regularisation of Shri Sukumar Paul in Clerical Grd. II no dispute in relation to the same will be entertained. In other words such promotion shall solve and settle all disputes/claims in relation of the upgradation of Shri Sukumar Paul once and for all.
6. This upgradation shall never be cited as precedence in future in any other case.
7. The above compromise settlement is arrived at with a view to maintaining long term amicable relationship between the management and the union.

## प्रश्नाई

केन्द्र सरकार ने निम्न विवाद इस न्यायाधिकरण को अंतर्गत धारा 10(1)(घ) औद्योगिक विवाद अधिनियम, 1947 अपनी अधिसूचना स. एल. 17012/18/79/बी-4 (ए) दिनांक 31-10-86 के द्वारा अधिनियम हेतु प्रेषित किया है --

'क्या भारतीय जीवन बीमा निगम के प्रबंधन द्वारा उनके डिवीजनल कार्यालय, अजमेर (अब जयपुर में) के विकास अधिकारी श्री ओ.पी. शर्मा की 1969 से सेवारत समाप्त करने की कार्यवाही न्यायोचित है? यदि नहीं तो संबंधित कर्मकार किस अनुतोष का हकदार है?"

2. प्रार्थी ओम प्रकाश शर्मा, जिसे तत्पश्चात् श्रमिक सम्बोधित किया गया है ने जरिये क्लेम प्रकट किया है कि उसकी नियुक्ति दिनांक 14-2-61 को फील्ड आफिसर के पद पर एक वर्ष परीक्षा के लिए की गई थी। नियुक्ति शर्तें दिनांक 15-12-61 के पत्र में दी गई हैं। करीब एक वर्ष पश्चात् फील्ड आफिसर के पद का नाम बदलकर डवलपमेंट आफिसर कर दिया गया और प्रार्थी को 21-2-63 को डवलपमेंट आफिसर के पद पर कन्फर्म कर दिया गया। श्रमिक कहता है कि उसका कार्य संतोषजनक था और कभी कोई शिकायत नहीं आई फिर भी डिवीजनल मैनेजर, अजमेर ने दिनांक 15-6-67 को एक चार्जशीट जारी की जिसमें संतोषजनक कर्तव्य की पालना न करने का आरोप लगाया। उक्त चार्जशीट का जवाब भी प्रार्थी ने 4<sup>th</sup>-7-67 को दे दिया था और स्पष्ट कर दिया था कि प्रार्थी अपनी पूर्ण लगन व निष्ठा से अपने पद का कार्य कर रहा है। उक्त पद में प्रार्थी ने यह भी दर्ज किया कि हालांकि उसने पूर्ण लगन और निष्ठा से कार्य किया था परन्तु नियुक्ति स्थानों का एवं जिन-जिन परिस्थितियों में कार्य किया है उनसे कोई थोड़ी बहुत कसर बिपरीत-गण मानते भी हों तो प्रार्थी के बार-बार के स्थानान्तरण व उसका अस्वस्थता से रही होगी। प्रार्थी के उक्त जवाब पर विचार न करने हुए सीनियर डिवीजनल मैनेजर ने जांच अधिकारी नियुक्त कर दिया जांच के दौरान जांच अधिकारी के समक्ष किसी प्रकार की साक्ष्य प्रस्तुत नहीं की गई। जांच अधिकारी ने प्रार्थी से कुछ सवाल पूछे और जांच पूर्ण होने के बारे में प्रार्थी को सूचना दी। श्रमिक का कहना है कि तथ्यांकित जांच प्राकृतिक न्याय के सिद्धांतों के अनुरूप नहीं हुई तथा प्रोपर एवं फेयर नहीं है। जांच उपरांत 26-8-69 को जोनल मैनेजर का एक कारण बताओ नोटिस जांच रिपोर्ट के साथ प्रार्थी को प्राप्त हुआ जिसका जवाब प्रार्थी ने दे दिया था। परन्तु जवाब पर पूर्ण विचार किये बिना दिनांक 12-12-69 के पत्र द्वारा सेवामुक्त कर दी। उक्त आदेश के विरुद्ध प्रार्थी ने मैनेजिंग डायरेक्टर को अपील प्रस्तुत की जो की 22-5-70 को खारिज कर दी। श्रमिक का कहना है उस पर लगाये गये आरोप विधि-वत नहीं हैं क्योंकि प्रार्थी द्वारा कार्य का स्तर (स्टैंडर्ड) निश्चित नहीं किया गया है और नियुक्ति पत्र में भी इसका हवाला नहीं है। ऐसी वसा में कार्य के स्टैंडर्ड का आरोप नहीं लगाया जा सकता। क्योंकि स्तर, स्थान तथा परिस्थितियों के अनुसार बदलता रहता है। कार्य के स्तर को स्थान तथा वहां की भौगोलिक परिस्थिति प्रभावित करती है। तथा प्रार्थी का एक जगह से दूसरी जगह बहुत बार स्थानान्तरण किया गया जिससे भी कार्य पर निश्चित रूप से असर पड़ता है। तर्क के लिए, अगर आरोप बनता भी है तो उस पर भी सजा अत्यधिक है। श्रमिक की प्रार्थना है कि सेवामुक्ति को अनुचित एवं अवैध घोषित करते हुए पिछला समस्त वेतन व परिलाभों सहित सेवा में बहाल किया जाये।

3. प्रार्थी नियोजक ने जरिये प्रति उत्तर यह तो स्वीकार किया कि प्रार्थी को 14-2-61 को एक वर्ष की परीक्षा काल के लिए फील्ड आफिसर के पद पर नियुक्त किया था जिसका नाम बाद में बदल कर डवलपमेंट आफिसर कर दिया और दिनांक 21-2-63 को प्रार्थी को डवलपमेंट आफिसर के पद पर कन्फर्म कर दिया गया था। दिनांक 15-12-61 के पत्र द्वारा नियुक्ति की शर्तें तय करना भी स्वीकार किया है। नियोजक के अनुसार प्रार्थी का कार्य संतोषजनक नहीं था इसलिए उसे परीक्षा काल

में भी दो बार एक्स्टेंशन दिया गया। प्रार्थी को समय-समय पर जबाली व लिखित रूप में सचेत किया गया और कार्य को सुधारने के लिए काफी प्रयत्न किये गए परन्तु प्रार्थी पर कोई असर नहीं हुआ। और उमने कार्य में प्रगति नहीं की। इसलिए दिनांक 15-6-67 को प्रार्थी को चार्जशीट जारी की। जिसका जवाब दिनांक 4-7-67 को प्राप्त हुआ था जो निराधार था। प्रार्थी का स्थानान्तरण उसके स्वयं के अनुरोध पर तथा यह विश्वास दिवाने पर किया था यदि स्थानान्तरण उसके चाहे गये स्थान पर कर दिया गया तो वह अच्छा व संतोषजनक कर पायेगा। प्रार्थी ने चार्जशीट के जवाब में भी भविष्य में अच्छा व्यवसाय करने का आश्वासन दिया था। नियुक्ति पत्र के अनुसार प्रार्थी को कम से कम साढ़े चार लाख का नया व्यवसाय करना था और कम से कम 225 पालिमियों बचकर कम से कम 20,000 रु. प्रथम वर्ष निर्धारित प्रीमियम की राशि लाना था। प्रार्थी को छुट्टियों का रिकार्ड भी अत्यधिक असंतोषप्रद रहा है। सन 1965 में ही वह 162 दिन तक बिना प्रकार की छुट्टियों पर रहा। जांच अधिकारी ने जांच नियमानुसार की थी। उसके समक्ष अपार्थी द्वारा भी साक्ष्यप्रमाण की गई थी प्रार्थी ने न तो कोई वस्तावेज पेश किये न गवाहों की सूची पेश की और न किसी साक्षी से जिरह करने की इच्छा प्रकट की। उस स्थिति में जाने जांच जारी नहीं रखी गई। जांच के दौरान प्रार्थी ने वर्क बुक पेश करने के लिए कहा था लेकिन दो महीने तक वर्कबुक पेश नहीं की। प्रार्थी को दिया गया वण्ड भी अनुचित एवं अत्यधिक नहीं है। प्रार्थी अपनी इयुटी का निष्ठावत करने में अक्षम रहा है। जीवन बीमा निगम एक व्यवसायिक संस्था है जिसमें विकास अधिकारी का कार्य का मापदण्ड उसके द्वारा लाया गया नव व्यवसाय प्रीमियम इन्कम, क्वान्टिफाईड किये व नियुक्त किये गये एजेंट कोस्ट रेशो आदि से होता है। अक्षम व्यक्ति को तोकरी पर रखा गया तो निगम के लाभ में कमी आ जायेगी और बीमा धारियों को कम मुनाफा बोनस आदि के रूप में प्राप्त होगा। प्रार्थी द्वारा किये गये व्यवसाय के अनुसार उस पर वर्ष का प्रतिशत वर्ष 63-64 में 22.6% प्रतिशत, वर्ष 64-65 में 42 प्रतिशत वर्ष 65-66 में 105.2, प्रतिशत वर्ष 66-67 में 79.02 प्रतिशत, और 67-68 में 85.4 प्रतिशत आया है। जो 16-2/3 प्रतिशत से अधिक नहीं होना चाहिए था।

4. दिनांक 16-9-87 के आदेश द्वारा तत्कालीन योग्य अधिकारी ने जांच पत्रावली का निरीक्षण करने के उपरान्त नियोजक द्वारा कराई गई घरेलू जांच प्राकृतिक न्याय के सिद्धांतों के अनुरूप नहीं पाई और उसे अनफेयर घोषित किया तथा रूमी न्यायालय में नियोजक को आरोप सिद्ध करने की अनुमति दी। फलस्वरूप नियोजक की तरफ से सर्व श्री एस. सी. सोनी, और एस. एल. शर्मा का शपथ पत्र पठा हुआ, जिनसे श्रमिक प्रतिनिधि ने जिरह की। प्रत्येक साक्ष्य में अने. 1 लगायत 28 पेश हुए हैं इसके विपरीत श्रमिक की तरफ से कोई साक्ष्य पेश नहीं हुआ है और 22-12-87 को श्रमिक की मृत्यु हो गई तथा 8-2-88 को श्रमिक की विधवा परित व उसके छः बेटों को पक्षकार बनाया गया तत्पश्चात् मैने पक्षावली का निरीक्षण किया और पक्षकारों के प्रतिनिधियों को विस्तारपूर्वक सुना। ?

5. अनेकवार 15 द्वारा श्रमिक पर 15-6-67 को छः आरोप लगाये गये थे। अने. 20 जांच के दौरान जांच अधिकारी द्वारा श्रमिक से पूछे गये प्रश्न व उत्तर हैं जिसके अनुसार श्रमिक ने आरोप सं. 1 लगायत 3 स्वीकार कर लिया और आरोप सं. 4 और 6 को प्रस्वीकार किया। इस न्यायालय में भी नियोजक की तरफ से सर्व श्री एस. सी. सोनी तथा एस. एल. शर्मा ने अपने शपथ पत्र द्वारा अने. 1 लगायत 28 को साबित किया है। इन दोनों साक्षियों ने श्रमिक प्रतिनिधि ने विस्तारपूर्वक प्रतिपरीक्षा की है और ये साक्षी प्रतिपरीक्षा की कसौटी पर खरे उतरे हैं। अने. 5 श्रमिक द्वारा ही नियोजक को 27-7-63 को लिखा गया था और देवली से दौसा अथवा चाकसू स्थानान्तरण करने का निवेदन किया था। अने. 6 द्वारा नियोजक ने 30-3-85 को श्रमिक का स्थानान्तरण निवाह कर दिया था परन्तु निवाह में भी श्रमिक ने बांछित स्तर का कार्य नहीं दिया और अने. 7 एवं 8 द्वारा जयपुर स्थानान्तरण करने का निवेदन किया। अने. 9 द्वारा 14-9-65 का श्रमिक का स्थानान्तरण जयपुर का दिया गया परन्तु जयपुर में भी श्रमिक ने बांछित स्तर का

कार्य नहीं दिया फलस्वरूप उसे अने. 11 एवं अने. 12 के पत्रों द्वारा सूचित किया गया कि वह अपने कार्य का स्तर बढ़ाये। अने. 13 द्वारा अधिक ने विनांक 10-3-86 को नियोजक को प्रकट किया कि बीमारी के कारण वह बांछित स्तर का कार्य नहीं दे पाया अब वह अपने कार्य में प्रगति दिखाएगा। तत्पश्चात् भी अधिक ने अपने कार्य में विशेष प्रगति नहीं की। फलस्वरूप नियोजक ने अने. 14 व अने. 15 के पत्रों द्वारा सूचित किया और अने. 16 द्वारा अधिक ने निवेदन किया कि उसे एक अवसर और दिया जाये।

6. नियोजक के साक्षी सर्व श्री एस. सी. सीनी तथा एम. एल. शर्मा के शपथ पत्रों से और अधिक द्वारा नियोजक को निवेदित गये उपरोक्त तथ्यों से यह साबित है कि अधिक का स्थानांतरण उसकी प्रार्थना पर ही किया गया था और अधिक बांछित स्तर का कार्य नियोजक को नहीं दे पाया इसलिए नियोजक द्वारा अधिक पर लगाये गये तमस्त आरोप साबित हो जाते हैं।

7. अधिक की मृत्यु विनांक 7-12-87 को हो चुकी है और उसकी विधवा पत्नी तथा छः पुत्र उसके पत्रकार बनाये जा चुके हैं। नियोजक द्वारा कराई गई घरेलू जांच विनांक 16-9-87 के द्वारा अनफेयर घोषित हो चुकी है और इसी न्यायालय में नियोजक के दुराचरण सिद्ध करने की अनुमति दी गई थी। इसके फलस्वरूप नियोजक ने अपने साक्षियों का परोक्षण कराया। इसलिए देवराज गुप्ता बनाम इण्डस्ट्रियल ट्रिब्यूनल लखनऊ 1990 ए. आई. आर. (एमसी) पेज 2174 के न्याय दृष्टान्त के अनुसार विनांक 7-12-87 तक भोम प्रकाश शर्मा अधिक वेतन प्राप्त करने का अधिकारी है। जो उसकी विधवा पत्नी व छः पुत्रों को मिलेगा। और इस निर्देश का अधिनियम निम्न प्रकार से किया जाता है -

अधिक भो. पी. शर्मा डबलपैज ऑफिसर की 12-12-69 से सेवा मुक्ति उचित एवं वैध नहीं है और अधिक के विधिक प्रतिनिधि उसकी विधवा पत्नी तथा छः पुत्र सेवा मुक्ति विनांक से उसकी मृत्यु को 7-12-87 की तारीख तक के अधिक को मिलने वाले वेतन व अन्य वित्तीय लाभ प्राप्त करने के अधिकारी है। उक्त आय का अवाई पारित किया जाता है जिसे प्रकाशन हेतु केंद्र सरकार का धारा 17 (1) अधिनियम भेजा जावे।

जगत सिंह, न्यायाधीश

बी. के. वैष्णोपालन, डेस्क अधिकारी

नई दिल्ली, 9 अगस्त, 1991

का.आ. 2311:- औद्योगिक विवाद अधिनियम, 1947 (1947 का 14) का धारा 17 के अनुसरण में, केन्द्रीय सरकार लार्ड कृष्णा बैंक लिमिटेड के प्रबन्धन के संबंध में निदेशों और उनके कर्मचारियों के बीच, अनुबंध में निर्दिष्ट औद्योगिक विवाद में औद्योगिक अधिकरण, कोलम के पंचपट को प्रकाशित करती है, जो केन्द्रीय सरकार को 8-8-91 को प्राप्त हुआ था।

New Delhi, the 9th August, 1991

S.O. 2311.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the Award of the Industrial Tribunal, Kollam as shown in the Annexure in the industrial dispute between the employers in relation to the management of Lord Krishna Bank Ltd. and their workmen, which was received by the Central Government on 8-8-91.

#### ANNEXURE

IN THE COURT OF THE INDUSTRIAL TRIBUNAL,  
KOLLAM

(Dated this the 2nd day of August, 1991)

Industrial Dispute No. 131/90

#### BETWEEN

The Chairman, Lord Krishna Bank Ltd., Kodungalloor.  
(by Sri M. Shaheed Ahmed, Advocate, Quilon).

#### AND

The General Secretary, Lord Krishna Bank Employees Union, Kodungalloor.

(by Sri. H. B. Shenoy, Advocate, Cochin).

#### AWARD

The Government of India, as per Order No. L-12011/24/90-L.R. B. 111, dated 20-8-1990, have referred this industrial dispute between the above parties for adjudication to this Tribunal.

The schedule as per the reference order is as below :-

"Whether the action on the Part of the management of Lord Krishna Bank Ltd., in extending indefinitely the probation periods of S/Sri C. N. Narayana Rao and K. N. Venugopalan Peons, in the Cheppud and Kottayam branches of the Bank respectively is legal and justifiable? If not, what should be the date from which their services be deemed as confirmed?"

2. Both sides entered appearance before this Tribunal on 27-9-1990 and the union filed its claim statement. The case was thereafter adjourned and posted for the reply statement of management on several dates, at the instance of management. But no statement has been filed. On 27-6-1991, when the case was taken up for the statement of management an application for adjournment was filed by the learned counsel for management stating that there is likelihood of settling the dispute. Accordingly, the case was adjourned to 25-7-1991. On that day the union filed a statement stating that the demand of the union stands settled as the two workmen involved in this dispute have been confirmed in service by the management. The learned counsel for management also made an endorsement in the statement filed by the union.

3. As requested by the parties the above statement of union is accepted and an award is passed holding that no industrial dispute subsists between the parties requiring adjudication.

C. N. SASIDHARAN, Industrial Tribunal

2. The case of the concerned workmen, as disclosed in the written statement submitted on their behalf by the sponsoring union, details apart, is as follows :

Shambhunath Mahato and 21 other concerned workmen have been working in Dugda Coal Washery since long with unblemished record of service. They have been performing the job of changing into media thickner, magnetite handling, unloading, transporting and charging since long under the direct control and supervision of the management. They have

been performing permanent and prohibited category of job continuously and in the course of performance of job they have put in more than 240 days attendance in each calendar year. The management has been supplying them all the working implements. For performing the same nature of job other workmen of Dugda Coal Washery and other washeries are getting wages as per N.C.W.A. I, II, III and IV. But the anti-labour management has been paying them much below the rate of N.C.W.A. I, II, III and IV in the name of different intermediaries. The same dispute, as the present one, was earlier raised before the A.L.C.(C), Hazaribagh, sometime in the year 1983 demanding regularisation on the ground that the concerned workmen have been performing the jobs of permanent nature including charging of magnetite which is a prohibited category of job. The management, in its comments, disputed the claim of regularisation on the ground that the concerned workmen were not doing the job of magnetite charge. The union requested the then Conciliation Officer, Shri Ramayan Singh, to conduct spot inquiry in presence of officials of Dugda Coal Washery and Shri D. Mukherjee, Secretary, Bihar Colliery Kamgar Union. During the course of enquiry it was established that the concerned workmen were performing the job of charging magnetite. In view of the aforesaid facts, the Conciliation Officer recommended the dispute for adjudication; but the then appropriate Government, for political reason, did not refer the dispute for adjudication. The union again raised the dispute before the A.L.C.(C), Dhanbad, after installation of successor Government with the hope the legal position would be appreciated. Anyway, the conciliation proceeding ended in failure due to adamant attitude of the management. The Government of India, Ministry of Labour, has been pleased now to refer the dispute for adjudication. The management, in order to camouflage the whole system of exploitation forced the concerned workmen to receive their wages in the name of workers of so-called Co-operative Society. The management has been issuing cheques in the name of the Society and thereafter paying the concerned workmen from their pay counter after getting the cheques encashed through so-called Secretary of the Society. One of the concerned workman, namely, Kokil Chandra Mahato has been designated as Secretary. Shri Kokil Chandra Mahato has been performing the same job as is being performed by other concerned workmen and he has been receiving the same wages at par with other workmen from the pay counter of the management. So the Secretary also has been performing the jobs under the direct control and supervision of the management. The management, in order to camouflage the issue further and to arrange perfect paper arrangement with a view to exploit the workmen and to deny them regularisation, has been forcing the so-called Secretary to enter into a store-type agreements practically every year. The concerned workmen are forced to sign on the so-called paper arrangement and wagesheets to keep their body and soul together failing which they will be removed from work. S/Shri Prabhu Nath Singh, Gopal Mahato and Prem Shankar Rao had been stopped from duty by the management without assigning any reason and without complying with the mandatory provision of Sec. 25F of the I.D. Act after failure of conciliation proceeding as they protested against the system of exploitation. The union has asserted that the concerned workmen are employees of Dugda Coal Washery and their demand for regularisation with retrospective effect is legal and justified. The action of the management in not treating them as their employees and not regularising them with retrospective effect and not paying them wages as per N.C.W.A. I, II, III and IV is illegal, arbitrary, unjustified discriminatory and also against the principles of natural justice. The action of the management in stopping S/Shri Prabhu Nath Singh, Gopal Mahato and Prem Shankar Rao from service is illegal, arbitrary, unjustified and against the principles of natural justice and also against the mandatory provision of Sec. 25-F of the I.D. Act. The union has prayed for permission to adduce evidence for correction of spelling/clerical/typing mistakes with regard to the names and parentage of some of the workmen that have crept in the order of reference. In the context of these facts and circumstances the union has prayed that the management be directed to treat the concerned workmen as their employees, to regularise them in service and to reinstate the employees who lost employment and to pay them wages as per N.C.W.As with retrospective effect.

3. The case of the management of Dugda Coal Washery of M/S. B.C.C.Ltd. as appearing from the written statement-cum-rejoinder, bereft of details, is as follows :

There is no valid industrial dispute in the present case within the meaning of Sec. 2(k) of the Industrial Disputes Act and there existed no relationship of employer and employee between the management and the persons referred to in the reference. The present reference is not maintainable also as the union has demanded abolition of contract labour system. Anyway, the substantive case of the management is that the contract relating to unloading and stacking of magnetite was awarded to a workers Cooperative named Dugda Shramik Sahayog Samiti Ltd. The Sahayog Samiti engages its own men for the execution of the contract. Magnetite is supplied to Dugda Washery by outside agencies and it is transported to the washery site by railway wagons and also by trucks coming by road. The magnetite arrives at Dugda Washery by railway wagons or trucks 4 to 5 tonnes a month. The contractor is to make arrangement for unloading of magnetite and to stack the same at the place provided by the Washery. Magnetite is received in small quantities and it does not require a sizeable work force to deal with. By its very nature the job of unloading and stacking of magnetite is not a continuous work and it does not require engagement of large number of workmen. The work is required to be done occasionally when railway wagons or trucks arrive loaded with magnetite. In the context of facts and circumstances there can be no question of regularisation the concerned workmen as workmen of the management with whom the management has no relationship of employer-employee. The management also does not require the services of the concerned persons and in the circumstances these persons are not entitled to any relief.

4. In rejoinder to the written statement of the management the union has asserted that the present reference is a valid industrial dispute within the meaning of Sec. 2(k) of the Industrial Disputes Act and that there exists relationship of employer and employee between the management of Dugda Coal Washery and the concerned workmen. The union has reiterated that the concerned workmen have been performing the job of charging magnetite into media thicker magnetite handling, unloading and transporting of magnetite and charging of the same under the direct control and supervision of the management. The union has disputed that the magnetites arrive at Dugda Coal Washery 4 or 5 tonnes a month. According to the union, it is false to allege that the magnetite is received in small quantities and for that reason the management does not require a sizeable work force. The union has submitted that the demand of the workmen is not for abolition of contract system; their demand is for regularisation on the ground that they have been performing permanent and prohibited category of job since long continuously under the direct control and supervision of the management.

5. In rejoinder to the written statement of the sponsoring union, the management has reiterated that the concerned persons as workmen of contractor are required to perform the job relating to unloading and stacking of magnetite and that this job in question does not fall within the prohibited category. The management has denied that during the course of enquiry it was established that the concerned persons have been performing the job of charging magnetite. The management has its own workers for performing the job of charging of magnetite. The job of unloading and stacking of magnetite was awarded to a labour Cooperative. The persons concerned are the members of this labour Cooperative and they are required to perform normal work like other workmen. The management is not concerned with the persons whom labour Cooperative in question engages or does not engage and hence the question of complying with the provision of Section 25-F of the I. D. Act does not arise.

After conclusion of evidence and at the time of hearing argument Shri R. S. Murthy submitted a corrigendum to the written statement-cum-rejoinder of the management stating therein that the word 'tonnes' as appearing in para 5 and line 5 of the written statement should be replaced by the word 'times' meaning thereby that magnetite arrives at Dugda Washery by railway wagons or trucks 4 to 5 times a month only.

6. In order to sustain its case the union has examined one of the concerned workmen, namely, WW-1 Kokil Chandra Mahato and laid in evidence some items of documents which have been marked Exts. W-1 to W-8.

On the other hand, the management has examined only one witness, namely, MW-1 Subhas Bose, now holding the post of Senior Executive Engineer in Dugda Coal Washery and laid in evidence a sheaf of documents which have been marked Exts. M-1 to M-23.

7. Upon analysis the terms of reference it is evident that two issues fall for determination in the present industrial dispute—(i) whether Sambhunath Mahato and 21 others are employees of the management of Dugda Coal Washery of M/s. B.C.C. Ltd.; and (ii) whether their demand for regularisation in the service of the management is justified.

The onus of proving these issues as framed by the appropriate Government, lies squarely on the sponsoring union. In my view, Issue No. 2 will not be automatically proved if issue No. 1 is answered in favour of the concerned workmen and for the matter of that, the sponsoring union although Shri D. Mukherjee, authorised representative of the sponsoring union has contended to the contrary.

8. The case of the sponsoring union is that the concerned workmen have been performing the job of charging magnetite into media thickner, magnetite handling, unloading and transporting of magnetite and charging which are prohibited and permanent category of job in Dugda Coal Washery of M/s. B.C.C.L. under the direct control and supervision of the management for long and all the working implements are being supplied by the management though the management resorted to a camouflage for exploitation of the workman by paying them wages in the name of a so-called Co-operative Society by adopting procedure suited to the purpose. On the other hand, the case of the management is that the contract was being awarded to a Co-operative Society of the workmen, namely, Dugda Shramik Sahayog Samiti Ltd. for the work relating to the unloading and stacking of magnetite. Thus, the sponsoring union has been claiming that the concerned workmen are the workmen of Dugda Coal Washery of M/s. B.C.C. Ltd. and that they have been performing the job of charging magnetite into media thickner, magnetite handling, unloading and transporting of magnetite and charging which are prohibited and permanent category of job under the direct control and supervision of the management and that the working implements are being supplied by the management while the case of the management is that the concerned workmen are employees of the Dugda Shramik Sahayog Samity Ltd., a Cooperative Society of workmen and that the work relating to unloading and stacking of magnetite has been awarded to the Society by a contract and that the management has got no control and supervision over the workmen of the Society.

9. The management has produced a volume of evidence including photo copies of bills submitted by Dugda Shramik Sahayog Samity Ltd. to the management for different periods showing handling of magnetite (Ext. M-4 series). Then again, the management has produced licence granted to Kokil Chandra Mahato, Secretary, Dugda Shramik Sahayog Samity for doing the work of handling of magnetite at Dugda Coal Washery for the period 3-8-83 to 2-8-84 which was renewed from time to time (Exts. M-9 and M-10). The management has also submitted duplicate wage bills of Dugda Shramik Sahayog Samity for different periods showing payment of wages of its workmen (Ext. M-13). Income Tax clearance certificate issued to Dugda Shramik Sahayog Samity (Ext. M-16) and general power of attorney issued in favour of Kokil Chandra Mahato authorising him to look after and supervise the business of the Samity and for operation of accounts in the State Bank and Central Cooperative Bank, Giridih (Ext. M-17) have been produced by the management. MW-1 Subhas Chandra Bose, now working as Senior Executive Engineer of Dugda Coal Washery, has stated that the job of loading powder to the conveyor and sometimes the loading of lump magnetite into belt conveyor are done by the workmen of Dugda Shramik Sahayog Samity. In the context of the evidence it may seem that the concerned workmen are the workmen of Dugda Shramik Sahayog Samity Ltd. and existence of the Samity is discernable. But upon analysis of these evidence and consideration of further

evidence a different picture emerges which I will presently consider.

10. According to the management, as disclosed in its pleading, magnetite is supplied to Dugda Coal Washery by outside agencies by railway wagons or by trucks coming by road and that the magnetite arrives at Dugda Coal Washery 4 to 5 tonnes a month only. I have already pointed out that at the time of argument the management submitted a corrigendum stating that the magnetite arrives at Dugda Coal Washery by railway wagons or trucks 4 or 5 times a month only. Since this corrigendum was submitted at a belated stage, the sponsoring union could not presumably counter it by way of rebuttal. Anyway, the management has further stated that the contractor i.e. Dugda Shramik Sahayog Samity is to make arrangement of unloading of magnetite from railway wagons or trucks and stack the same at the place provided by the washery. The pleading of the management does not indicate how much quantity of magnetite comes by railway wagons and how much by trucks. Then again, the pleading does not make distinction between magnetite received in lumps or in power form. Although the pleading of the management does not indicate so, MW-1 Shri Bose stated that the management receives 90 to 95 per cent of magnetite supply by road by trucks and remaining portion is supplied by railway wagon and the management gets supply of magnetite both in lumps or in power. His evidence further discloses that the management gets bulk supply—70 per cent in lump and 30 per cent in power and that supply of magnetite power is received by trucks only. This evidence of Shri Bose is considered to be an embellishment of fact obviously to bolster up the case of the management. Needless to say that any statement of facts which is deviation from the pleading or at variance with the pleading is of no moment.

This is not all. Shri Bose has something more up in his sleeve which is at variance with the pleading of the management. He has stated that the job of loading power magnetite to the conveyor is done by the workmen of Dugda Shramik Sahayog Samity Ltd. but loading of lump magnetite into conveyor belt is mostly done by departmental workmen of the management and sometimes also by the workmen of the Samity when required. This statement of his is a piece of innovation and embellishment of facts for the written statement of the management discloses that the work related to unloading and stacking of magnetite is done by the workmen of Dugda Shramik Sahayog Samity. Anyway, the documents produced by the management disclose the other facet of the case. By letter dated 11-1-89 (M-3) the management of Dugda Coal Washery entrusted the job of unloading lump magnetite wagons by the side of the line No. 4 located outside the boundary wall, transporting and stacking the same in isolated stack near crusher mouth in the washery, loading of powered magnetite in departmental trucks/dumpers and transporting to and unloading near Dugda-I and II Hopper and charging of stacked powered magnetite into media thickner or H.M. sumps of Dugda-I and II to the society as per direction of the Engineer Incharge. Similarly by letter dated 2-9-89 (Exts. M-6 and M-8) the job of unloading of magnetite wagons by the side of line 4 located outside the boundary wall, transporting and stacking the same in isolated stacks near crusher mouth in the washery, loading of powered magnetite in departmental trucks/dumpers and transporting to and unloading near Dugda-I and Dugda-II Hopper and charging of stacked powered magnetite into media thickner or H.M. sumps of Dugda-I and Dugda-II to the society as per direction of the Engineer-in-charge. Then again, by letter dated 7-12-89 (Ext. M-80) the following jobs were entrusted to the Dugda Shramik Sahayog

Samity Ltd. for execution at the direction of the Engineer-in-charge :

Description of work	Rate per tonne
1. (a) Unloading of lump magnetite from Rly. wagons/trucks in the store siding inside the plant by the side of line no. 4 located outside the Boundary Wall.	Rs. 12.95 (Rupees twelve & Paise Ninety five only)
(b) Transporting the unloaded lump magnetite as mentioned in (a) above through trucks/Dumpers to inside washery stock yard and stacking near Crusher in isolated stocks.	
2. (a) Loading of powdered magnetite in departmental trucks/dumpers and unloading near Dugda-I & II hoppers.	Rs. 25.99 (Rupees twenty five & Paise Ninety nine only).
(b) Loading the powdered magnetite stocked into media thickener or H.M. sumps as per requirement.	
	Rs. 13.00 (Rupees thirteen only).
	Rs. 11.00 (Rupees eleven only)

Again by letter dated 20-7-1988 (Ext. M-21) the following jobs were entrusted to the Shramik Sahayog Samity for execution as per direction of Engineer-in-charge :

Description of work	Rate per tonne
1. (a) Unloading of lump magnetite from Rly. wagons by the side of Line No. 4 located outside the boundary wall.	Rs. 10.00 (Rupees ten only)
(b) Reclamation of lump magnetite from places by the side of line No. 4 loading into truck/dumpers, transporting and stacking the same in isolated stocks in washery stock yard.	Rs. 25.00 (Rupees twenty five only).
(c) Loading of powdered magnetite in departmental trucks/dumpers and transporting to and unloading near Dugda-I and Dugda-II Hoppers.	Rs. 11.00 (Rupees eleven only).
(d) Charging the powdered magnetite into media thickener or H.M. Sumps.	Rs. 9.00 (Rupees nine only).

It appears that the Sahayog Samity was entrusted with the following jobs under special terms and conditions laid down by the management :

- (a) Unloading of magnetite wagons by the side of line No. 4 located outside the boundary wall, transporting and stacking the same in isolated stocks near crusher mouth in the washery.
- (c) Charging of stacked powdered magnetite into media thickener or H.M. sumps of Dugda-I and Dugda-II as per direction of the Engineer-in-charge.
- (c) Charging of stacked powdered magnetite into media thickener or H.M. sumps of Dugda-I and Dugda-II as per direction of the Engineer-in-charge.

In March, 1981 the management became wiser inasmuch as the present industrial dispute was already referred to this Tribunal for adjudication. By letter dated 18-3-91 (Ext. M-12) the management entrusted the Dugda Shramik Sahayog Samity Ltd. with the following jobs :

2208 GI/91—9.

Description of work	Rate per tonne
1. (a) Unloading of lump magnetite from Rly. wagons/trucks in the store siding inside the plant by the side of line No. 4 located outside the boundary wall.	Rs. 14.75 (Rupees Fourteen & paise seventy five only)
(b) Transporting the unloaded lump magnetite as mentioned in (a) above through trucks/dumper to inside washery stock yard and stocking near Jew crusher in isolated stacks.	Rs. 31.25 paise (Rupees Thirty one & paise twenty five only).
2. (a) Loading of powdered magnetite in departmental trucks/dumpers and unloading near Dugda-I & II hoppers.	Rs. 15.75 (Rupees Fifteen and paise seventy five only)
(b) Adding the powdered magnetite stacked into media thickener or H.M. sumps as per requirement.	Rs. 15.25 (Rupees Fifteen and paise twenty five only).

Here it is noticed that the word 'charging' of magnetite has been replaced by the word 'adding'. But this is considered to be a sooming contrivance to stall the stark reality as to the nature of the job being performed by the concerned workmen which the documents pointed out above abundantly reveal. The jobs that the concerned workmen have been performing are embodied in the documents referred to above and they can be summarised as follows :

- (i) unloading of lump magnetite from railway wagons or trucks in the store siding;
- (ii) transporting of unloading lump magnetite through trucks/dumper to inside washery stock yard;
- (iii) loading of powder magnetite in departmental trucks/dumpers and unloading near hoppers, and,
- (iv) charging the powder magnetite into media thickener or H.M. sumps.

The bills of Dugda Shramik Sahayog Samiti also disclose that they include execution of job of charging the powder magnetite into media thickener or H.M. Sumps (Ext. M-4 series). The evidence referred to above highlights the fact that the job of charging magnetite is a part of the job of the concerned workmen and there is no escape from this position.

11. Here again, Shri Bose has endeavoured hard to retrieve the management from the difficult position. He has stated that the job of loading magnetite powder on to the conveyor is done by the workmen of Shramik Sahayog Samiti but loading of lump magnetite into belt conveyor is mostly done by departmental workmen and sometime also by the workmen of Sahayog Samiti when required. He has further stated that the loading of magnetite into conveyor is not charging operation itself. It may at best be called preparatory operation of charging. According to him charging means continuous mixing of the powder magnetite in the system and to maintain the gravity and the process of charging is essential in the washery for washing coal. But then the documents of the management again and again spell out that the concerned workmen of the Shramik Sahayog Samity were entrusted with the job of charging powder magnetite into media thickener H.M. Sumps. There is no explanation as to why the management again and again mentioned the word 'charging' in its documents if the explanation is provided by Shri Bose is considered to be correct. As a matter of fact the Webster's New World Dictionary of the American language 2nd College Edition discloses that charging, inter alia, means to load of

of the capacity or with the usual amount of required material. If this dictionary meaning is taken then the meaning imputed to charging by Shri Bose cannot but be considered as a laboured attempt to obfuscate the real import of the word. However, it appears that licence was obtained by the Shramik Sahayog Samiti only of handling of magnetite at Dugda Coal Washery (Ext. M-9). It is the definite case of the union that at its instance Shri Ramayan Singh, the then Conciliation Officer, Hazaribagh, conducted spot enquiry in presence of officials of Dugda Coal Washery and Shri D. Mukherjee, Secretary, of the sponsoring union and that during the course of enquiry it was established that the concerned workmen had been performing the jobs of charging magnetite. The management has simply denied this fact in its rejoinder to the written statement of the sponsoring union. The conciliation file has been produced at the instance of the union. It reveals that establishment of Dugda Shramik Sahayog Samiti was inspected by Shri P. K. Jadia, Labour Enforcement Officer, Bagmara on 26-2-85 and he found that contract labour was employed for magnetite/lump power charging (Ext. W-1). It further appears that Labour Enforcement Officer inspected Dugda Coal Washery on 19-7-88 and found contract labour was employed for magnetite unloading, transporting and charging (Ext. W-2). It appears that the L.E.O. prosecuted Kokil Chandra Mahato, Secretary of the Samiti for contravention of Section 23, 24 of the Contract Labour Act on the ground, inter alia, that he was operating beyond his licence (Ext. W-6). However, he was acquitted as the prosecution could not examine any witness of merit. The union has produced documents to show that the order was issued by Shri A. K. Rajpal, Supt. directing the Samiti for arranging men for magnetite charging (Ext. W-7). The union has further produced a photo copy of information provided by Shri S. K. Dutta, Senior Executive Engineer regarding magnetite charging for the month of October, 1989 (Ext. W-8).

WW-1 Kokil Chandra Mahato has also asserted that the concerned workmen including himself are required to perform the job of magnetite unloading, transporting and charging. The mass of evidence produced in this case proves conclusively that the workmen of Sahayog Samiti have been employed by the management of Dugda Coal Washery for execution of jobs which include charging of magnetite. The Central Government prohibited employment of contract labour in the job of charging of magnetite with effect from 25-7-83 by notification S.O. No. 3103 of even date. Even if the concerned workmen are considered to be the workmen of Shramik Sahayog Samiti, they have been deployed to execute the job of charging magnetite which was declared by the Central Government as prohibited category of job under Section 10 of the Contract Labour (Regulation and Abolition) Act, 1970. In the circumstances these workmen shall be considered to be the workmen of the principal employer i.e. management of Dugda Coal Washery.

12. It is the case of the sponsoring union that the concerned workmen have been performing permanent and prohibited category of job continuously. The management has denied this by stating that the job is not required to be one continuously. But then, the evidence of Shri Bose discloses that magnetite is must for coal industry and from this it follows that loading, unloading and charging of magnetite is a regular feature of work of the washery. Shri Bose has claimed that the management has got documents to show that it has been receiving intermittent supply of magnetite by trucks and also by railway but those documents have not been produced before me. Since magnetite is an essential ingredient for washing coal in coal washery it is necessary to maintain its regular supply for normal activities of the washery. But the management claims that it gets intermittent supply of magnetite which has not been proved by production of any document. The management could have produced invoices to show that it receives intermittent supply of magnetite. But it has failed to do so and hence I am constrained to hold that Dugda Coal Washery requires regular supply of magnetite for its operational activities.

13. Now I will consider whether the concerned workmen are really the workmen of the management or they are the workmen of Dugda Shramik Sahayog Samiti. The management has produced some papers to give appearance that the concerned workmen are workmen of the contractor, of Dugda Shramik Sahayog Samiti. It has been alleged by the union that this is nothing but a camouflage resorted to exploit the

poor workmen. Shri Bose has asserted that the concerned workmen are the workmen of the Samiti. Kokil Chandra Mahato, according to the management is the Secretary of Dugda Shramik Sahayog Samiti. He is one of the concerned workman in this case. He has examined as WW-1 and stated that he has been working in Dugda Coal Washery since 1979 and that he knows other concerned workmen who have also been working in Dugda Coal Washery since 1979. He has asserted that they are required to perform the job of magnetite loading, transporting and charging and that every year all of them put in attendance for more than 240 days. He has asserted that the management of Dugda Coal Washery has been supervising of their job and the management is also providing them with work implements. He has complained that they are not getting wages as available to Category-I workers and that every one of them has been getting wages between Rs. 15 to Rs. 20 per day. He has complained that initially the management used to pay them wages in the name of Kopildeo Prasad Yadav. When Kopildeo Prasad Yadav vanish in the thin air the management required them to form a Cooperative Society, namely, Dugda Shramik Sahayog Samiti of which he become the Secretary to get their wages. He has stated that although he was the Secretary he had to toil 8 hours daily for earning his wages alike other workmen. He has further stated that he had to sign the bills submitted by the management because unless those bills were signed by him the concerned workmen including him would not have got payment. The documents of the management (Exts. M-3, M-6, M-8 and M-21) disclose that the concerned workmen were to work as per direction of the Engineer in-charge. The concerned workmen have been rendering services to the management as per direction of the management. Considering the entire evidence on record, I am constrained to hold that the concerned workmen are really the workmen of Dugda Coal Washery and the management adopted a subterfuge by placating them as workmen of Dugda Shramik Sahayog Samiti. This being the position, I come to the conclusion that there exists relationship of employer and employee between the management of Dugda Coal Washery and the concerned workmen.

14. The management has taken up the position that they have got departmental workmen for magnetite charging. It appears that the management regularised some workmen of contractors (Exts. M-1 to M-1/11). Shri Bose has stated that after departmentalisation some of the workmen so departmentalised have been given jobs of different sorts but some are still in the job of magnetite handling. But Kokil Chandra Mahato in his deposition has stated specifically regarding deployment of these workmen on various jobs other than magnetite handling including charging and according to him none of them is deployed on the job of magnetite handling including charging. The veracity of his statement regarding deployment of departmentalised workmen on various jobs other than magnetite handling including charging has not been assailed in cross-examination. Shri Bose has admitted that they have not filed any documents to show that any of the contractor's workmen regularised in service as departmental workman has been performing the job of charging magnetite. The management has not provided any list of deployment of its workmen on the job of magnetite handling including charging. This being the evidence I am constrained to hold that the management has not been able to prove by evidence that it has its own departmental workmen for magnetite charging and in the circumstances I cannot but conclude that the concerned workmen are deployed by the management on the job of magnetite charging. Besides, they have been doing the job of loading and unloading of magnetite and standing the same at the sites and transporting the same. Since magnetite is essential for coal industry handling of magnetite by loading, unloading, transporting and charging is a regular feature. The concerned workmen have been rendering service regularly to the management for long under its direction, control and supervision and they have been deployed on jobs which are regular feature of coal washery.

15. Considering these facts and circumstances, I have no hesitation to hold that the concerned workman should be regularised in service as Category-I workmen.

16. Evidence of Kokil Chandra Mahato discloses that the management had stopped Prabhu Nath Singh, Gopal Mahato and Prem Shankar Rao from work consequent upon the

dispute having been raised, these workmen should be reinstated in service with effect from the date of present reference i.e. 23-5-90. The other concerned workmen should be regularised in service with effect from that date.

17. Shri Mahato has pointed out some inaccuracy that have crept in annexure to the reference where the names and other particulars of the workmen have been disclosed. He has stated that his name has been written incorrectly as Kapural Chandra Mahato instead of Kapaal Chandra Mahato and likewise the name of Sonar Konah has been incorrectly written as Sonar Konah. He has further stated that in serial no. 20 the name of the concerned workman has been correctly written but his father's name has been written incorrectly as Bangiy Mahato in place of Bangai Mahato. I have noticed also that the name of Prem Shankar Rao has been incorrectly written in the annexure as Prem Shankar Rao. It is necessary that these names should be spelt out correctly and a correct annexure should be appended to the award.

18. The management has contended that since magnetite is received in small quantity it does not require a sizeable work force and that the nature of the job in question is not a continuous one and consequently engagement or employment of workmen on a continuous basis does not arise.

The management has no hard any positive evidence to prove the quantity of magnetite received in the washery by weekly or monthly on railroad or by trucks. Such evidence could have been provided by producing the invoices of the carriers concerned. On the other hand, the bills of the samity disclose that the workmen have been handling not insufficient quantity of magnetite. Shri Bose has stated that the management requires the services almost 12 workmen of Dugda Samik Sahayog Samity in order to keep the flow of work even in the Coal Washery. But this statement of Shri Bose is not based on any data which could have provided as an index to his conclusion. Hence, I consider that it is this opinion which has been formed primarily to serve the cause of the management. Then again, the contention of the management that the job of magnetite handling is not of continuous nature is not supported by evidence and circumstances of the case. Hence, I over-rule the contention of the management that handling of magnetite does not require a sizeable work force as the concerned workmen constitute and that the job of magnetite handling is not a continuous nature of job.

19. Shri R. S. Murty has contended that the sponsoring union has claimed abolition of contract labour system in the job of magnetite handling by raising this industrial dispute and in support of his contention he has cited a decision reported in 1971 (II) LLJ 567 (Vegoils Pvt. Ltd. Vs. Their Workmen). But I am constrained to state that there is hardly any scope for contending that the sponsoring union has demanded abolition of contract labour system in magnetite handling. The demand of the concerned workman is for regularisation on the ground that they have been performing permanent and prohibited category of jobs since long continuously under the direct control and supervision of the management. Hence, I overrule the contention of Shri Murthy that the union has demanded abolition of contract labour system in the job of magnetite handling including charging.

20. Accordingly the following award is rendered—

Sambhunath Mahato and 21 others are employees of the management of Dugda Coal Washery of M/s. B.C.C.L. and their demand for regularisation in service of the management is justified. The management is directed to reinstate S/Shri Prabhu Nath Singh (serial no. 7), Gopal Mahato (serial no. 9) and Prem Shankar Rao (serial no. 17) in service with effect from the date of the present reference i.e. 23-5-1990 and to regularise all the concerned workmen in service as Category-I workmen with effect from that date and to pay them back wages or differences of back wages, as the case may be.

In the circumstances of the case I award no cost.

S. K. MITRA, Presiding Officer  
[No. L-20012/127/89-IR (Coal-I)]

का.प्र. 2313:—औद्योगिक विवाद अधिनियम, 1947 (1947 का 14) का धारा 17 के अनुसरण में, केन्द्रीय सरकार, मै. बी. सी. सा. एल. का ईस्ट भुवगतदिह कोलियरी के प्रबन्धन से संबंध निषेजकों और उनके कर्मचारों के बीच, अनुबंध में निर्दिष्ट औद्योगिक विवाद में केन्द्रीय सरकार औद्योगिक अधिकरण सं. 1 धनबाद के पंचाट को प्रकाशित करती है, जो केन्द्रीय सरकार को 8-8-91 को प्राप्त हुआ था।

S.O. 2313.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of Central Government Industrial Tribunal No. 1, Dhanbad as shown in the Annexure in the industrial dispute between the employers in relation to the management of East Bhugatdih Colliery of M/s. BCCL and their workman, which was received by the Central Government on the 8-8-91.

#### ANNEXURE

#### BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 1 AT DHANBAD

In the matter of a reference under section 10(1)(d) of the Industrial Disputes Act, 1947.

Reference No. 46 of 1990

#### PARTIES :

Employers in relation to the management of East Bhugatdih Colliery.

#### AND

Their Workman

#### APPEARANCES :

For the Employers.—Shri B. Joshi, Advocate.

For the Workmen.—Shri S. P. Singh, General Secretary, Khan Mazdoor Congress.

STATE : Bihar

INDUSTRY : Coal

Dated, the 26th July, 1991

#### AWARD

The present reference arises out of Order No. L-20012/173/89-L. R. (Coal-I), dated, the 26th February, 1990 passed by the Central Government in respect of an industrial dispute between the parties mentioned above. The subject matter of the dispute has been specified in the schedule to the said order and the said schedule runs as follows :

"Whether the action of the management of East Bhugatdih Colliery under Kustore Area No. VIII M/s. Bharat Coking Coal Ltd., in confirming the period of suspension from 30-5-1987 to 7-6-1987 as punishment in respect of Shri Nand Kishore Rabidas, Switch Board Attendant vide their letter dated 10-10-1980 is justified ? If not, to what relief the workman is entitled ?"

2. The dispute has been settled out of Court. A memorandum of settlement has been filed in Court. I have gone through the terms of settlement and I find them quite fair and reasonable. There is no reason why an award should not be made on the basis of terms and conditions laid down in the memorandum of settlement. I accept it and make an award accordingly. The memorandum of settlement shall form part of the award.

3. Let a copy of this award be sent to the Ministry as required under section 15 of the Industrial Disputes Act, 1947.

S. K. MITRA, Presiding Officer

[No. L-20012/173/89-IR(Coal-I)]

BEFORE THE PRESIDING OFFICER, CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 1, AT DHANBAD

Reference No. 46/90

Employers in relation to the management of East Bhugatdih Colliery.

#### AND

Their Workmen.

Petition of compromise

The Hon'ble petition on behalf of the parties to the above reference most respectfully sheweth :—

1. That the above dispute has been amicably settled between the parties on the following terms :—

#### Terms of settlement

(a) That the concerned workman Shri Nand Kishore Rabidas, switch board attendant, will be paid full wages for the period of his suspension from 30-5-87 to 7-6-87.

(b) That the management will deduct the subsistence allowance already paid to the concerned workman for the above period of his suspension from his full wages he would have earned by attending to his duties on normal working days and the balance amount will be paid within 60 days from the date of finalisation of this reference.

2. That in view of the settlement there remains nothing to be adjudicated.

Under the facts and circumstances stated above the Honourable Tribunal will be graciously pleased to accept the settlement as fair and proper and be pleased to pass the award in terms of the settlement.

For the Workman :—

1. Sd/- illegible

2. Sd/- illegible

For the Employers :—

का.प्र. 2314:—औद्योगिक विवाद अधिनियम, 1947 (1947 का 14) की धारा 17 के अनुसरण में, केन्द्रीय सरकार, मै. बी. सी. एल. का सीरा कोलियरी के प्रबन्धन से संबंध निषेजकों और उनके कर्मचारों के बीच, अनुबंध में निर्दिष्ट औद्योगिक विवाद में केन्द्रीय सरकार औद्योगिक अधिकरण सं. 1 धनबाद के पंचाट को प्रकाशित करती है, जो केन्द्रीय सरकार को 8-8-91 को प्राप्त हुआ था।

S.O. 2314.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal No. 1 DHANBAD as shown in the Annexure in the industrial dispute between the employers in relation to the management of Bhowra Colliery of M/s. BCCL and their workmen, which was received by the Central Government on the 8-8-1991.

## ANNEXURE

## BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 1, DHANBAD

In the matter of a reference under section 10(1)(d) of the Industrial Disputes Act, 1947.

Reference No. 168 of 1989

## PARTIES :

Employers in relation to the management of Bhowra (N) Colliery of M/s. R.C.C. Ltd.

## AND

Their Workmen

## PRESENT :

S. K. Mitra, Presiding Officer.

## APPEARANCES :

For the Employers.—Shri B. Joshi, Advocate.

For the workman.—Shri J. D. Lal, Vice-President, Bihar Mines Lal Jhanda Mazdoor Union.

STATE : Bihar

INDUSTRY : Coal

Dated, the 26th July, 1991

## AWARD

The present reference arises out of Order No. L-20012(107)/88-D.IV(A), I. R. (Coal-I), dated 15-11-89 passed by the Central Government in respect of an industrial dispute between the parties mentioned above. The subject matter of the dispute has been specified in the schedule to the said order and the said schedule runs as follows :

“Whether the refusal of the management to give employment to Shri Madhusudan Das dependant son of Shri Rabiandra Bhushan Das of Bhowra (N) Colliery is justified in view of clause 9.4.3. of NCWA-III? If not, to what relief the workman is entitled?”

2. The dispute has been settled out of Court. A memorandum of settlement has been filed in Court. I have gone through the terms of settlement and I find them quite fair and reasonable. There is no reason why an award should not be made on the basis of terms and conditions laid down in the memorandum of settlement. I accept it and make an award accordingly. The memorandum of settlement shall form part of the award.

3. Let a copy of this award be sent to the Ministry as required under section 15 of the Industrial Disputes Act, 1947.

S. K. MITRA, Presiding Officer

[No. L-20012/107/88-D. IV (A)/IR (Coal-I.)

Reference No. 168/89

Employers in relation to the Management of Bhowra (N) Colliery.

## AND

Their Workmen

Petition of compromise

The humble petition on behalf of the parties to the above reference most respectfully sheweth :—

1. That the above dispute has been amicably settled between the parties to the reference on the following terms :—

## Terms of Settlement

(a) That Sri Madhu Sudan Das will be provided job as per norms of the Company in the capacity of dependant son of Late Rabiandra Bhushan Das, the Register Keeper of Bhowra (N) Colliery who was declared medically unfit to perform his original job.

(b) That Sri Madhu Sudan's case for his employment will be processed on the basis of documents already submitted

or to be submitted in support of the proof of his genuinity, in proof of his ages for physical fitness and suitability for the job.

(c) That if Sri Madhu Sudan Das, will not be the dependant son of Late Rabiandra Bhushan Das, or will be found to be medically unfit or will be over the age of 35 years disqualifying him for his employment as dependant son under Clause 9.4.3 (IV, of NOWA-IV he will forfeit his right of his employment given in this settlement.

(d) That Sri Madhu Sudan Das will not be entitled to any other relief.

2. That in view of the above settlement there remains nothing to be adjudicated.

Under the facts and circumstances stated above the Hon'ble Tribunal will be graciously pleased to accept the Settlement as fair and proper and be pleased to pass the Award in terms of the Settlement.

For the Workman :

1. Madhu Sudan Das.

## AWARD

The Government of India, Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I. D. Act, 1947 has referred the following dispute to

this Tribunal for adjudication vide their Order No. L-20012 (356)/85-D.III (A), dated, the 26th May, 1986.

#### SCHEDULE

"Whether the action of the management of Loyabad Colliery of M/s. Bharat Coking Coal Limited in superannuating from service S/Shri Kanhai Singh, Trammer, and Ram Bhajan Dusadh, Line Mistry with effect from January 1986 is justified? If not, to what relief the concerned workmen are entitled?"

In this case both the parties made their appearance but did not file their respective W.S. documents etc. Thereafter several adjournments were granted to the parties for filing their respective Written Statement, document etc. Subsequently when the case was fixed for filing their respective written statement etc. both the parties appeared before me and filed a petition of compromise. I heard both the parties on the said petition of compromise and I do find that the terms of compromise petition are fair, proper and beneficial to both of them. Accordingly I accept the said petition of compromise and pass an Award in terms thereof which forms part of the Award as annexure.

B. RAM, Presiding Officer  
[No. L-20012/356/85-D.III (A)/IR (Coal-I)]

#### ANNEXURE

BEFORE THE PRESIDING OFFICER, CENTRAL  
GOVERNMENT INDUSTRIAL TRIBUNAL NO. 2,  
DHANBAD

Ref. Case No. 192/86

#### PARTIES :

Employers in relation to the management of Loyabad Colliery of M/s. B.C.C.L.

#### AND

Their workmen.

The humble petition of compromise on behalf of the parties, most respectfully sheweth :

1. That the Central Government by a notification has referred the instant Industrial Dispute for an adjudication u/s. 10(1)(d) of Industrial Dispute Act, 1947 (14 of 1947), to this hon'ble Tribunal. The schedule of the act is reproduced below :

#### SCHEDULE

"Whether the action of the management of Loyabad Colliery of M/s. Bharat Coking Coal Limited in superannuating from service S/Shri Kanhai Singh, Trammer and Ram Bhajan Dusadh, line Mistry with effect from January, 1986 is justified? If not, to what relief the concerned workmen are entitled?"

2. That, the parties discussed the dispute out side the court and have settled the said dispute on the following terms and conditions.

#### TERMS OF CONDITIONS

1. That, it was agreed that S/Shri Kanhai Singh, Trammer and Ram Bhajan Dusadh, Line Mistry of Loyabad Colliery have got their final settlement and they have no more interest in pursuing the case.
2. That, this settlement resolves all the dispute between the parties and the workmen concerned S/Shri Kanhai Singh and Ram Bhajan Dusadh shall have no claim whatsoever.
3. That, it was also agreed that a compromise petition will jointly be filed by the parties requesting the Tribunal to pass "a no dispute award"
4. That, it was further agreed that union will be paid Rs. 500 (five hundred) only as cost.

It is, therefore, prayed that your honour may be graciously pleased to accept the settlement and pass an award in terms of the settlement.

And for this act of kindness the parties shall ever pray.

2. The case of the management of Jarangdih Colliery of M/s. C.C. Ltd. as disclosed in the written statement-cum-rejoinder, details apart, is as follows :

The issue referred to by the appropriate Government is not an industrial dispute within the meaning of Section 2(k) of the Industrial Disputes Act, 1947. Besides, the order of reference has been made in violation of the Contract Labour (Regulation and Abolition) Act, 1970 and there exists absolutely no relationship of employer and employees between the management and the concerned persons. The sponsoring union has made a deliberate bid to induct persons into the employment of the management by misrepresentation of facts. The management had engaged a contractor for executing the job of

shale picking, track cleaning, wagon levelling and coal breaking at Jarangdih Colliery railway siding. Shale picking job involves removal of shale/stones from coal as sometimes the coal produced in the Colliery gets mixed up with shale/stones and these have to be removed before the Colliery despatches coal to the consumers. Sometimes, lumps of coal occur in the process of production of coal and these have to be broken into pieces. Sometimes it happens that the pieces of coal get thrown on the railway track and it is necessary to clean the track by removing such pieces. After the wagons are loaded with coal which is being done through pay loader the coal loaded has to be levelled in the wagons. All these jobs are neither

permanent nor continuous nor perennial. The management does not require permanent work force for such job on whole time basis. Railway wagons are not also placed by the railways regularly and in fact supply of railway wagon is quite erratic. For the purpose of coal breaking, the management has introduced one machine called Feeder Breaker and another machine is going to be installed in the near future. Thereafter, there will be no need to engage any manual workers for breaking of coal. Shale picking becomes necessary depending on the coal seam that is being actually worked and provided there is a shale band in the coal seam. The above jobs have not been prohibited under the Contract Labour (Regulation and Abolition) Act, 1970 and the management has a right to engage contract labour in such jobs. The management places contracts with the contractors selected for the purpose and he is at liberty to engage his own men and to dispense with their services. He also supervises controls and directs his workers. He supplies the necessary implements to the workmen concerned. The management has got nothing to do with the arrangement made by the contractor. The wages of workers of the contractor is a matter to be settled between the contractor and his workmen. It was agreed upon between the sponsoring union and the contractor concerned M/s. Binod Kumar and Bros. that the contractor's workers will be paid wages as fixed by the Government under the Minimum Wages Act. The contractor submits bills to the management depending on the quantum of work done by him and the management pays the contractor against such bills. It is for the contractor to pay wages to his workers. The management does not have any workers for performing jobs of shale picking, track cleaning, wagon levelling and coal breaking. The issue relating to the rates of payment of wages to the workers of the contractors is a matter to be decided by the Chief Labour Commissioner (C) and not by an Industrial Tribunal as per the provisions of the Contract Labour (Regulation and Abolition) Central Rules and this point has been conclusively decided by the Hon'ble Supreme Court. Hence, this Tribunal has got no jurisdiction to adjudicate the issue relating to the wages payable to the persons engaged by the contractor. A large number of persons referred to in the order of reference is not working with the contractor concerned, and the management will submit a list of such persons. At any rate, the persons referred to in the reference have no right to claim regularisation as workmen of the management and the management is not required to regularise them and to pay them Category-I wages as per NCWA-III from any date whatsoever. In the circumstances, the management has prayed that the claim of the union for regularisation of the concerned workmen as Category-I workmen and to pay them wages as per NCWA-II is not justified.

3. The case of the concerned workmen as disclosed in the written statement submitted by the sponsoring union, Bihar Colliery Kamgar Union, briefly stated, is as follows :

The concerned workmen have been working as shale picking, wagon levelling, track cleaning and coal breaking like any other permanent workmen since long within the precincts and premises of Jarandih Colliery. They have been performing permanent and prohibited nature of job. They have been working continuously and have put in more than 240 days attendance in each calendar year. They have been performing their job under the direct control and supervision of the management and the implements for execution of the job are being provided by the management. They have been producing goods and services for the business of the management and the management has got economic control over their subsistence skill and continued employment. The Wage Board Recommendations have been implemented by the management and as per Wage Board Recommendation the minimum wages of an employee is Category-I wages. For performance of same and similar nature of job other permanent workmen of Jarandih Colliery and other Collieries

of M/s. C.C. Ltd., M/s. B.C.C. Ltd. and M/s. E.C. Ltd. are getting Category-I wages. The management has been disbursing their wages in the name of different contractors in order to deprive them of their legal dues. They and their union represented before the management several times for their regularisation atleast as Category-I workmen and payment of wages as per N.C.W.A.-III/IV and giving them other facilities and amenities as available to permanent workmen, but the anti-labour management refused to settle the issue amicably. Seeing no other alternative the union raised the present industrial dispute before the A.L.C. (C), Hazaribagh but the same ended in failure due to adamant attitude of the management. During the course of conciliation proceeding the plea of the management was that the concerned workmen were workmen of M/s. Vinod Kumar and Brothers and there exists no relationship of employer and employee between the management and the concerned workmen. The management took the further plea that the concerned workmen are being paid their due wages by the contractor under the agreement arrived at from the counter of the Colliery under the direct supervision of the management's representative. The union submitted before the Conciliation Officer that the concerned persons have been performing permanent nature of job under the control and supervision of the management within the precincts and premises of the mine and as per decision of Hon'ble Supreme Court they should be deemed to be the employees of the management. The contention of the Union was also that the alleged contractor and the management not having requisite papers needed as per the law, the concerned workmen should be deemed to be the employees of the management. The anti-labour management did not pay any need to the contention of the union and the conciliation proceeding ended in a failure. The appropriate Government has been pleased to refer the dispute for adjudication by this Tribunal. The union has submitted that the action of the management in not regularising the concerned workmen as Category-I workmen and paying them wages as per NCWA-III with retrospective effect is illegal and unjustified.

4. In rejoinder to the W.S. of sponsoring union, the management has stated that some of the concerned persons are engaged on the job of shale picking, track cleaning, wagon levelling and coal breaking, for sometime, and none of them has worked for long nor are they performing permanent or prohibited nature of job. The management does not have any worker performing the job entrusted to the contractor. The statement of facts relating to conciliation proceeding before A.L.C. (C), Hazaribagh are all matters of record and any statement contrary thereto has been denied.

5. In rejoinder to the written statement of the management, the union has asserted that the present dispute is an industrial dispute within the meaning of Section 2(k) of the Industrial Disputes Act and the order of reference has not been made in violation of provision of Contract Labour (Regulation and Abolition) Act, 1970 or that it is not contrary to the provision of Industrial Employment (Standing Order) Act, 1946. The union has reiterated that the concerned workmen have been performing permanent nature of job of shale picking, track closing, coal breaking etc. for long under the direct control and supervision of the management and within the precincts and premises of the mine. The jobs of shale picking, wagon levelling, track cleaning, coal breaking etc. are permanent, continuous and perennial nature of job. Coal in Jarandih Colliery is obtained by open cast mining method and coal as obtained remains mixed with stones and other kind of shales. It is false to allege that so called intermediary supervises controls and directs the work of the concerned workmen and provides them work implements. The management has been paying wages to the concerned workmen.

6. The management, in order to sustain its action, has examined two witnesses, namely MW-1 Shri I. Choubey and MW-2 Shri N. Ram and laid in evidence a sheaf of documents which have been marked Exts. M-1 to M-31.

On the other hand, the sponsoring union has examined one of the concerned workmen, namely, WW-1 Shri Jagdish Rao and laid in evidence some documents which have been marked Ext. W-1 series.

7. The order of reference envisages that two issues fall for determination in the present industrial dispute; viz., (i) whether the action of the management of Jarangdih Colliery of M/s. C.C.L. in non regularising the concerned workmen in the service of the management is justified and (ii) whether the action of the management in not making payment of Category-I wages as per NCWA-III to the concerned workmen is justified.

8. Jarangdih Colliery, an evidence of MW-1 Shri J. Choubey now holding the post of Senior Under-Manager in the said Colliery discloses, has got railway siding known as Jarangdih railway siding within the precincts and premises of the Colliery and that despatch of coal by railway head started from 24-8-1987. His evidence further discloses that the coal raised from Jarangdih Colliery and also other Collieries of M/s. C.C. Ltd., namely, Karo Special Project, Kargali, Jarangdih Open Case, Kathara Slurry/Middling are routed through the same railway siding and that coal is despatched to different power houses (Thermal Power Plants) Fertiliser Plants and Steel Plants. He has admitted that Jarangdih Colliery has got both open case mine and underground mine and coal is obtained from both these mine by the process of solid blasting.

According to the management, a contractor, namely, M/s. Binod Kumar and Bros., has been engaged by the management for about the last three years for executing the jobs of shale picking, track cleaning, wagon levelling and coal breaking at Jarangdih Colliery railway siding and that some of the concerned workmen are engaged on the jobs for sometime by the contractor. It is also the further case of the management that one machine called feeder breaker has been installed and another machine is going to be installed in near future and thereafter there will be no need to engage manual worker for breaking of coal and that the job of shale picking became necessary depending on the coal seam that is being actually worked and provided there is a shale band in the coal seam. The management has admitted that it does not have any work force for performing the job as aforesaid and that the some of the concerned workmen have been performing the job under the supervision and control of their employer, the contractor with the implements provided by their employer and the job is neither permanent nor prohibited in nature.

The union has asserted that the concerned workmen have been working on the job of shale picking, wagon levelling, track cleaning and coal breaking within the precinct and premises of Jarangdih Colliery and that they have been performing permanent and prohibited nature of job under the direct control and supervision of the management with the implements supplied by the management. The union has asserted that coal obtained by blasting method is always mixed with stones and shales and that the management has introduced the story of feeder breaker in order to mislead the Tribunal. MW-1 Shri Choubey has admitted in cross-examination that the concerned workmen have been doing the job of breaking of coal, picking out shales and stones and inferior quality of coal, breaking coal into size and also the job of wagon levelling and track cleaning. In this examination-in-chief he has stated that upto December, 1988 the contractor employed 80 workmen and thereafter the number of workmen increased to 120 and that whenever wagons are placed in the railway siding contractor's workmen work from day to day and when there is no wagons on the railway siding, there is no job for them. He has further stated in his examination-in-chief that the management has installed two feeder breakers at the railway siding for breaking over-sized coal into size and that one feeder breaker is already on operation and another feeder breaker will be operating from 1-5-91. He has also stated that the job entrusted to the contractor of loading of coal and breaking of coal is not the job of permanent nature. In cross-examination he has stated that the management has been despatching coal to Steel Plants, Thermal Power Plants and Fertilizer Plants and Steel Plants Thermal Plants require regular supply of coal for generation of electricity and producing steel respectively. Fertilizer Plant also requires coal for operation plant and all consumer require regular supply of coal. Thus, the evidence of this witness firmly establishes the position that requirement of coal for Thermal Power Plants

Steel Plants and Fertilizer Plants is regular and all these consumers require regular supply of coal. The management has taken the plea that wagons are not placed on the railway siding regularly. But no hard evidence has been laid by the management to prove this fact. On the other hand, regard being had to the nature of industrial activities being carried on by the Thermal Power Plant, Steel Plant and Fertilizer Plant, it is essential that these plants should get regular supply of coal from the Colliery. Since the management has not laid any hard evidence regarding allotment of wagons to the Colliery it is very difficult to believe that the railways have not been making regular allotment of wagons to the Colliery and placing them on the Jarangdih railway siding.

9. I have already pointed out that MW-1 Shri Choubey has conceded in cross-examination that the concerned workmen have been doing the job of breaking of coal, picking of shale and stones and inferior quality of coal, breaking of coal into size and also the job of wagon levelling and track cleaning. He has conceded that raising of coal is regular nature of job and despatch of coal from railway siding is a regular nature of job. He has also stated that the management supervises the entire process of dumping of coal at the railway siding to the process of despatch of coal to the consumers. His evidence further discloses that at the railway siding work goes on three shifts from 6 a.m. to 2 p.m., 2 p.m. to 10 p.m. and 10 p.m. to 6 a.m. when rakes are available in the railway siding. I have already pointed out that there is no evidence that rakes are not available in the railway siding at all times. Anyway, this witness has stated that the contractor workmen are divided into three shifts and in each of the three shifts each of them does all the jobs with regard to coal breaking, shale picking, track cleaning etc. He has stated that 30 to 35 persons of the contractor are engaged in breaking of coal, but in cross-examination he has admitted that this estimate is his personal imagination and that his imagination is not based on record. WW-1 Jagdish Rao, one of the concerned workmen, has emphatically denied that coal obtained from the Colliery is broken into pieces by the machine and stated that there is only one machine which worked for a few days and thereafter went out of order and since then the machine has remained idle. The management has not laid any evidence to prove its contention that at Jarangdih Colliery shale picking becomes necessary depending on the coal seam that is being actually worked and provided there is a shale band in the coal seam, specially in the context of the fact that coal is obtained at Jarangdih Colliery by blasting method.

10. The sponsoring union has emphatically asserted that the job of shale picking is a regular and permanent nature of job and the same found place in the Wage Board Recommendations. According to the union, the job of wagon levelling is also regular and permanent nature of job. Wage Board Recommendations envisage designation of shale picking and any workmen engaged on the job has been categorised as time-rated workman of Category-I (Unskilled). The job description of shale picking is as follows :

"A workman employed to separate shale or shaly coal from true coal in the picking belt or on the rubble belt."

The Wage Board Recommendations also envisage the designation of wagon picking and any workman engaged on the job has been categorised as time-rated worker of Category-I (Unskilled). The job description of Wagon Picking as per Wage Board Recommendations is as follows :

"A workman employed as in job description of Shale Picking to pick out shale or inferior coal when steam coal or rubble coal is being loaded direct into wagon from the depot."

The same designations, job description and category have been retained in National Coal Wage Agreement. This being the position, it is not difficult to conclude that the job of shale picking and wagon picking is a regular nature of job obtaining in coal industry. The evidence of MW-1 Shri Choubey discloses that the concerned workmen have been engaged on the job of picking inferior quality of coal alongwith other jobs, such as, breaking of coal, picking shale and stones, breaking of coal into size and also the job of wagon levelling and track cleaning.

11. It has been contended by the management that some of the workmen are engaged on the job for sometime. But MW-1 Shri Choubey has admitted that the concerned workmen have been performing the job of breaking of coal, picking out shale and stones and inferior quality of coal, breaking of coal into size and also the job of wagon levelling and track cleaning. Of course he has stated earlier the contractor employed 80 workmen and thereafter the number of workmen increased to 120. But the management has not laid any evidence to prove that initially the contractor employed 80 workmen upto December, 1988. On the other hand, the management has produced claim statement submitted by the Branch Secretary of the sponsoring union (Ext. M-13) which discloses the name of all the concerned workmen. It appears that an amicable settlement over the matter of wages was arrived at in presence of representatives of the union, the contractor, officer incharge of Bokaro Thermal Police Station and the Project Officer of Jairangdi Colliery (Ext. M-14), and in terms of the settlements the contractor conceded to pay arrears of wages to all the concerned workmen. WW-1 Jagdish Roy, one of the concerned workmen, has stated that all the concerned workmen including himself have been working at Jarangdi railway siding since 24-8-87 and that they perform the duties shiftwise starting from 6 a.m. to 2 p.m., 2 p.m. to 10 p.m. and 10 p.m. to 6 a.m. His evidence further discloses in the course of performance of duty they are required to break big pieces of coal into small pieces, to pick shale from pieces of coal, to separate big pieces of stone mixed with coal by breaking the stones. It is also his evidence that after coal is loaded into wagons by the regular workmen of M/s. C.C.L. they are required to ride on the wagon and there also the process of breaking big pieces of raw coal into small pieces of coal, separation of coal from stone by breaking of stone, picking of shales and elimination of rejects i.e. inferior quality of coal is done by them and thereafter they level the wagon by belcha and do the job of track cleaning. He has asserted that the jobs performed by them are permanent nature of job and they are performed all the year round. He has emphatically denied that occasionally coal extracted from the open cast mine and underground mine is mixed with stones and stated that stones are there all over in the pieces of coal and asserted that all of them performed the job for 240 days or more in a calendar year and according to him railway wagons are placed in the railway siding every day and even if railway wagons are not placed on the railway siding, they are required to perform the job of breaking big pieces of coal into small pieces of coal and separate coal from stone by breaking the stones. The management has also conceded that they have got no workmen employed on the jobs as aforesaid. Thus, the evidence on record discloses that the concerned workmen have been performing the job of breaking of coal, picking out shales and stones and inferior quality of coal, breaking of coal into size and also the job of wagon levelling and track cleaning at the railway siding of Jarangdi colliery. The evidence on record further establishes that these workmen have been engaged on jobs which are regular in nature and that their jobs are being supervised by the management of the colliery as evidence of MW-1 Shri Choubey reveals.

12. I would now consider whether the concerned workmen in reality the workmen of the management of the colliery as contended by the sponsoring union or they are the workmen of the contractor, M/S. Binod Kumar and Brothers.

The management has filed wagesheets of Binod Kumar and Brothers indicating that the concerned workmen are the workmen of the contractor (Ext. W-12). The wagesheets in respect of payment of arrears of wages as submitted by the concerned workmen (Ext. W-1 series) also indicate that the concerned workmen are the workmen of the contractor. It appears that Kesho Singh Yadav, the Branch Secretary of the sponsoring union submitted claim statement of wages in respect of the concerned workmen for payment of wages by the contractor (Ext. M-13). From all these documents apparently it appears that the concerned workmen are the workmen of the contractor. But it must not be forgotten that the concerned workmen have been rendering service for the management of the colliery and that they have been working at the railway siding of Jarangdi owned by the management of the colliery and that the management of the colliery has been supervising their work regularly and that they have been engaged on jobs of regular nature. It has also surfaced on evidence that the management has got

no workmen in their employment for doing the same nature of jobs as the concerned workmen have been performing. Considering these facts and evidence on record, I am constrained to hold that the management of Jarangdi Colliery is really the employer of the concerned workmen and so there exists relationship of employer and employee between the management and the concerned workmen.

13. The same conclusion is reached by approaching the case from different angle. Admittedly, provision of Contract Labour (Regulation & Abolition) Act, 1970 is applicable to the establishment of the management and the contractor. There is no dispute that despatch of coal by railway-head from Jarangdi siding started from 24-8-87 and the concerned workmen, through agency of the contractor, have been performing the job as stated before from that date. It appears that ad hoc payment to the Contractor was made against work mechanical loading of coal into wagons at Jarangdi railway siding after breaking of oversized coal, levelling of wagons and track cleaning for the period from 28-8-87 to 16-11-87 (Ext. M-4). Then again, sanction for provisional payment to the contractor for mechanical loading of RCM coal into wagons at Jarangdi railway siding including levelling of wagons, cleaning of railway track and breaking of coal was given by the sanction order dated 7-1-88 (Ext. M-5). Then again, another sanction order dated 2/3-11-88 was issued for release of provisional payment for the work done by the contractor during the period from 24-8-88 to 31-10-88 against the work order for mechanical loading of coal into wagons by contractor's pay loader inclusive of picking of shales/stones, levelling of loading wagons and track cleaning for a period of one year (Ext. M-6). But it appears that the contractor was granted licence for the first time on 12-3-89 for 130 workmen for jobs not specified there in the licence. This licence was valid upto 12-3-90 (Ext. M-7). The contractor applied for licence on 13-6-90 for 100 workmen for breaking of coal and picking of extraneous materials at Jarangdi colliery railway siding for one year (16-3-90 to 15-3-91) (Ext. M-25). But the licence was granted initially for breaking of coal and picking of extraneous material (Ext. M-26) which was later corrected by issuing a corrigendum for mechanical loading of coal into wagons, breaking oversized coal and picking of shales/stones and other extraneous material, cleaning of tracks and inside drain, levelling of wagons and lime washing at Jarangdi railway siding (Ext. M-26). Thus, it appears that the contractor had no valid licence for the contract work from 24-8-87 to 12-3-89. Then again, it has not been proved by evidence whether the contractor obtained licence for the job of mechanical loading of coal into wagons, breaking oversized coal and picking of shales/stones, cleaning of tracks, levelling of wagons and lime washing under the licence issued to him (Ext. M-17).

14. Section 7 of the Contract Labour (Regulation and Abolition) Act makes it compulsory for every principal employer to register the establishment and Section 9 of the said Act provides that no principal employer shall employ contract labour in the establishment unless the establishment is registered. It appears that the establishment of the management was registered by Registering Officer by certificate dated 1-10-82 (Ext. M-27). Admittedly, the contractor, M/s. Binod Kumar & Brothers was not engaged as a contractor by the management at that time. Later on the application of the management in April, 1991 (Ext. M-28) the licence was amended on 22-4-91 (M-27). The annexure of the letter (Ext. M-28) discloses the name of the contractor, M/s. Binod Kumar & Brothers and the nature of work in which the contract labour was allowed to be employed is mechanical loading of wagons including picking of shales/stones, breaking oversized coal, track cleaning, levelling of wagons and lime washing upto 21-4-91. From the aforesaid facts it becomes clear that, for certain periods the principal employer, i.e. the management of Jarangdi Colliery of M/s. C.C. Ltd. did not possess certificate of registration as required under the provision of Sec. 7 of the Contract Labour (Regulation and Abolition) Act. Similarly the Contractor through whom the concerned workmen were engaged also did not possess licence for certain period. Hence, the workmen can claim that they were employed directly by the principal employer during this period. The combined effect of the provision of Sections 7, 9 and 12 of the Act makes it clear that for a valid employment of contract labour two conditions must be fulfilled,

viz., (i) every principal employer of an establishment must be registered and (ii) the contractor must have valid licence. Mere registration by the principal employer or holding of licence by the contractor alone will not enable the management to treat the workmen as contract labour. The decision of the Madras High Court in the case of Workmen of Best and Comtron Industry Ltd. VS. the Management reported in 1985 (I) LLJ. 492 lays down that the workmen engaged by the contractor working for the management without holding valid licence, would be the workmen engaged by the management. The decision of the Karnataka High Court in the Food Corporation of India loading and unloading Workers Union VS. Food Corporation of India Ltd. reported in 1986 (II) S.L.R. 454 lays down that in the absence of certificate of registration provided under the Act to employ contract labour, workmen of the contractor will be considered to be the workmen of the principal employer. The decision of Punjab & Haryana High Court in the case of Food Corporation of India Ltd. Haryana Region VS. Presiding Officer, Central Govt. Industrial Tribunal, Chandigarh and another reported in 1987(II) S.L.R. 678 lays down that every worker who works for a principal employer to whom provision of the Act applies is to be treated as the worker of the principal employer unless two conditions are satisfied (i) the establishment must have a certificate for registration for the relevant period and (ii) the establishment has employed contract labour through a licenced contractor. If either of the conditions is not satisfied then the contract labour employed through the contractor shall be treated to be a worker of the principal employers. The aforesaid decision of the Punjab & Haryana High Court was challenged before the Hon'ble Supreme Court and Special Leave Petition was rejected. Shri R. S. Murthy has cited a centre decision reported in 1990(II) LLJ. 259. But the facts of the case cited are different from those of the present case, besides, in view of the decision of Punjab & Haryana High Court which was not over-ruled by the Supreme Court, the decision cited by Shri Murthy does not appear to be a good law. Gujarat High Court has also decided in the case of Food Corporation of India Workers' Union VS. Food Corporation of India and others that the principal employer should obtain a certificate of registration and that workmen can be employed on contract labour basis only through licenced contractor, and if one of these conditions is not complied with, the provision of the Act would not be attracted (Indian Factories and Labour Reports—Vol. 61—August 15-Part-4 page 253). Thus the conclusion is reached that the concerned workmen are the workmen of the principal employer i.e. the management of Jarangdih Colliery of M/s. C.C. Ltd.

The concerned workmen have been performing the jobs of regular nature and the management is their employer and hence the management is not justified in not regularising them in service. The concerned workmen have claimed wages as available to Category-I workers i.e. lowest minimum wages available to workmen of coal industry. The management is not also justified in not making payment of Category-I wages as per N.C.W.A.III to the concerned workmen.

15. Hence, the following award is rendered—the action of the management of Jarangdih Colliery of M/S. C.C.Ltd. regularising the concerned workmen in service and in not making payment of Category-I wages to them as per N.C.W.A.III is not justified. The management is directed to regularise them in service and to pay them Category-I wages less wages already paid with effect from the date of the present reference i.e. 16-2-1990.

In the circumstances of the case, I award no cost.

New Delhi, the 20th August, 1991

S.O. 2318.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal No. 1, Dhanbad as shown in the Annexure in the industrial dispute between the employers in relation to the management of M/s. Bharat Coking Coal Limited and their workmen, which was received by the Central Government on the 14-8-91.

#### ANNEXURE

#### BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 1, DHANBAD

In the matter of a reference under section 10(1)(d) of the Industrial Disputes Act, 1947

Reference No. 189 of 1989

#### PARTIES :

Employers in relation to the management of M/s.  
B.C.C.L.'s 20/21 Pits Murlidih Colliery.

#### AND

Their Workmen.

#### PRESENT :

Shri S. K. Mitra, Presiding Officer.

#### APPEARANCES :

For the Employers : Shri B. Joshi, Advocate. (Absent at the time of final hearing).

For the Workmen : Shri D. Mukherjee, Secretary, Bihar Colliery Kamgar Union.

STATE : Bihar.

INDUSTRY : Coal.

Dated, the 30th July, 1991

#### AWARD

By Order No. L-20012/102/89-I.R. (Coal-I), dated, the 27th November, 1989, the Central Government in the Ministry of Labour, has, in exercise of the powers conferred by clause (d) of sub-section (1) and sub-section (2-A) of section 10 of the Industrial Disputes Act, 1947, referred the following dispute for adjudication to this Tribunal :

"Whether the management of M/s. BCCL in relation to 20/21 Pits Murlidih Colliery in Mohuda Area II is justified in denying the designation of Register Keeper Clerical Gr. II with corresponding benefit of wages and regularisation as per N.C.W.A. III w.e.f. 4-12-83 to the workmen Shri Anil Roy? If not to what relief the said workman is entitled to?"

2. The case of the management of M/s. B.C.C.L. as appearing in the written statement-cum-rejoinder, briefly stated, is as follows :

Anil Roy, the concerned workman, was initially appointed as miner/loader in 1980. He was piece-rated worker and placed in Group VA of NCWA-II. While working as miner/loader he started working as Line Mazdoor in time-rated job and sometime as Register Keeper in connivance with the local management. The local management did not obtain approval from the competent authority, namely, General Manager before engaging him time-rated or monthly rated worker from piece-rated worker. The present demand is for change of cadre of the concerned workman from piece-rated miner/loader to that of clerk. The minimum qualification prescribed for entering into clerical cadre is matriculation. The concerned workman does not possess the minimum qualification to enable him to enter into clerical cadre. Once a person is appointed or he enters into clerical cadre, he will be entrusted with clerical duties and his service becomes transferable from one post to another clerical post. He is also entitled to promotion in the clerical cadre according to seniority subject to satisfactory performance. The concerned workman is not suitable for becoming a clerk and hence his demand cannot be conceded to.

3. The case of the concerned workman as disclosed in the written statement submitted on his behalf by the union is that he has been working as Register Keeper since 4-12-83 with unblemished record of service. As per provision of

Standing Order and settled law he is entitled to be regularised as Register Keeper in Clerical Grade-II with effect from 4-12-83. He represented before the management several times for his regularisation as Register Keeper in Clerical Grade-II, but the management did not pay any heed to it. Seeing no other alternative, the union raised the present dispute. It has been ascertained by the union that the management is not justified in denying the concerned workman the designation of Register Keeper in Clerical Grade II with corresponding benefit of wages and regularisation as per N.C.W.A. III with effect from 4-12-1983.

4. In rejoinder to the written statement of the sponsoring union the management has asserted that the concerned workman has not been continuously working as Register Keeper. He has worked as Register Keeper on some occasions according to requirement. The management directed him to produce his matriculation certificate with a view to forward his case to Headquarters for consideration. He could not produce his matriculation certificate and now he has taken the help of the union to enter into clerical cadre by dubious means.

5. In rejoinder to the written statement of the management, the union has denied and disputed the contentions of the management impugning the eligibility of the concerned workman for regularisation as Register Keeper in Clerical Grade-II.

6. The management has emphatically stated in its written statement that the concerned workman was initially appointed as miner/loader in 1980 and was a piece-rated worker and placed in Group VA. This statement of fact has not been denied either by the concerned workman or by the sponsoring union. Admittedly, he started working as Register Keeper at the instance of the local management. The management has contended that he did so in connivance with the local management who had no authority to appoint any workman from piece-rated job to time rated or monthly rated job without approval of the competent authority. Anyway, the stand taken by the management is that the concerned workman started working as Line Mazdoor in time-rated job and sometime as Register Keeper in connivance with the local management, while the contention of the union is that the concerned workman was engaged as Register Keeper exclusively. The sponsoring union or the concerned workman could not adduce any evidence in support of their contention.

7. Anyway, it appears that the concerned workman was engaged on time-rated job. The job of Register Keeper is clerical job. There is specific cadre scheme for piece-rated worker and clerical workers. This being so, the cadre of the concerned workman is required to be changed in order to bring him into clerical cadre. But the minimum qualification for clerical cadre is matriculation. The concerned workman could not produce any evidence in support of the fact that he is a matriculate. Hence, it is difficult for the management to accommodate him in clerical cadre by ignoring his educational qualification. Hence, I consider that the action of the management in denying the designation of Register Keeper in Clerical Grade-II with correspondence benefit of wages and regularisation is justified.

8. Accordingly, the following award is rendered—The management of M/s. B.C.C. Ltd. in relation to 20% Pts Murtidih Colliery in Mohuda Area-II is justified in denying to the concerned workman the designation of Register Keeper Clerical Grade-II with corresponding benefit of wages and regularisation as per N.C.W.A. III with effect from 4-12-83.

In the circumstances of the case, I award no cost.

New Delhi, the 19th August, 1991

S.O. 2319.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, No. 2, Bombay as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Telcom Factory, Bombay and their workmen, which was received by the Central Government on 14-8-91.

## ANNEXURE

BEFORE THE CENTRAL GOVERNMENT  
INDUSTRIAL TRIBUNAL NO. 2, AT BOMBAY  
PRESENT :

Shri P. D. Apsankar, Presiding Officer.

Reference No. CGIT-2/18 of 1989.

PARTIES :

The Employers in relation to the Management  
of Telecom Factory, Bombay.

AND

Their workmen.

APPEARANCES :

For the employer : Shri S.B. Kadam, Personal  
Officer.

For the workmen : Shri R.M. Oke, Hon. General  
Secretary, Telephone Workers'  
Union.

INDUSTRY : Telecommunication \

STATE : Maharashtra.

## AWARD

Bombay, dated the 30th July, 1991.

The Central Government by their order No. L-40011/13/88-D.II(B) dated 12-6-1989 have referred the following industrial dispute to this Tribunal for adjudication under section 10(1)(d) of the Industrial Disputes Act, 1947.

"Whether the action of the management of Telecom Factory, Bombay, in not granting the scale of pay of Rs. 1400-2300 to Planner Grade-I, Progressive Machinist and Leading Hand who are working in highly skilled 'A' Category in Telecom Factory, Bombay, is legal and justified? If not, to what relief the workmen working in the above trade are entitled?"

2. The case of the telephone workers' Union as disclosed from the statement of claim (Ex. 2) filed by it, General Secretary, in short, is thus :—

The Government of India had appointed an Expert Committee for the classification of the industrial workers of the P&T Workshop, now known as Telecom Factory, in 1953. The recommendations of that Committee were accepted with certain modifications by the Government of India, and the following trades were classified as highly skilled and skilled supervisors,

namely, Chargeman, Fitter (T&G) Gr. I, Inspector, Planner Gr. I, Progressman Gr. I, and Leading Hand. In 1966, the Government of India revised the pay scales, and re-designated the highly skilled and skilled supervisory of the following trades as highly skilled 'A' Chargeman, Inspector, Fitter (T&G) Gr. I, Planner Gr. I, Progressman Gr. I, and Leading Hand. Thereafter, the workmen and the Union represented against the merging of highly skilled into skilled category. After due consideration, the Government of India appointed a Committee by name Central Trade Test Board. The Board examined the nature of work carried by the workers of the Telecom Factory by conducting Job Evaluation of all Trade, and declared the following Trades as highly skilled 'A', i.e. Chargeman, Inspector, Leading Hand, Planner Gr. I, Progressman Gr. I, and Fitter (T&G) Gr. I. Thereafter, a new trade designated as Machinist was included in the Highly skilled 'A' Trade in 1979. Thus the following seven trades have been included in the category of highly skilled 'A' with the common scale of pay Rs. 380-560 (prior to the revision by the 4th Central Pay Commission) (1) Chargeman, (2) Inspector, (3) Fitter (T&G) Gr. I, (4) Planner Gr. I, (5) Progressman Gr. I, (6) Leading Hand and (7) Machinist.

According to the rules framed by the Government for the promotion, the minimum requirement for all the abovesaid seven trades is a skilled worker having experience of five years. Further, he is also to appear for a trade test conducted by the department. The recommendations of the 4th Central Pay Commission were notified by the Government of India by their memorandum dated 22-9-1986. As per this notification, the scale of pay of Rs 380-560 was revised to Rs. 1320-2040, and that notification was circulated by the Telecom Factory also in September 1986. Thereafter the General Manager of the Telecom Factory, Bombay, by his notification dated 3-10-1986 gave the revised scale of pay of Rs. 1400-2500 to Chargeman and Inspector, who are placed in the highly skilled 'A' Category, and who were previously drawing the pay scale of Rs. 380-560. This action on the part of the management of Telecom Factory, Bombay, amounts to adopting of picking and choosing of workmen from highly skilled 'A' cadre without following the laid down procedure and the departmental rules and also amounts to discrimination and is violative of Articles 14 and 16 of the Constitution of India. Therefore, the employees of the highly skilled 'A' Category who were in the pre-revised scale of Rs. 380-560 are entitled to get the revised scale of pay of Rs. 1400-2300 with effect from 1-1-1986.

The Union therefore prayed that this Tribunal should give the necessary directions in that respect to the Management of the Telecom Factory.

3. The Personnel Officer of the Telecom Factory, Bombay, by his written statement (Ex. 3) opposed the said request and the claim of the Union, and in substance contended thus :—

Out of the seven categories of highly skilled 'A' trades, the Fourth Pay Commission set up the Government of India separated the two trades, namely, the Chargeman and Inspector from the other five trades, and prescribed the higher scale of pay for those two posts, as they were discharging supervisory duties over 20 to 30 workmen working under them. Their duties included distribution and allocation of work to the employees working under them, to guide them in the technical work, and to maintain the records of each workman in connection with his product. As these two categories, namely, the Chargeman, and Inspector were required to possess higher qualification than the qualifications of the remaining five categories, to enable them to discharge duties of supervision over the others, the Fourth Pay Commission recommended higher scale of pay to these two categories than the pay scale of the other five categories.

It is true that the two posts of the Chargeman and Inspector carried the same scale of pay as that of the remaining five categories, namely, Rs. 380-560 prior to the Fourth Pay Commission's recommendations. However, the Government of India, in pursuance of the recommendations of the Fourth Pay Commission prescribed higher scale of pay for these two posts as they were the supervisory posts. The representations made by the remaining five categories demanding the same scale of pay as that of Chargeman and Inspector, namely, Rs. 1400-2300, were forwarded by the Telecom Factory to the Government of India for their consideration, but the Government of India, after due consideration, rejected them. The other five categories, namely, the Planner-Gr. I, Progressman-Gr. I, Fitter (T&G)-Gr. I, Leading Hand, and Machinist are not performing any supervisory duties. They are actually performing job entrusted to them by the Chargeman and Inspector. So also the Fitter (T&G)-Gr. I, Leading Hand, and the Machinist are working under the Chargeman, and they are doing the work entrusted to them by the Chargeman. In case of any difficulty of technical nature, they approach the Chargeman for his advice and guidance. Therefore, even though the Fitter (T&G)-Gr. I, the Machinist, and the Leading hand are in the skilled Grade, they are not performing the duties of supervision. Similarly,

the Progressman Gr. I, and the Planner-Gr. I, perform their duties entrusted to them by the Asstt. Engineer-in-charge of the office, and nobody is working under them. They do not discharge the duties of supervision.

Therefore, as per the letter of the Government of India, Ministry of Communication, dated 30-9-1986, the Chargeman and Inspector who are in the supervisory cadre, were placed in the pay scale of Rs. 1400-2300, while the workers of the other five categories were placed in the pay scale of Rs. 1320-2040. Representations were made by the workmen of the other five categories in not granting the pay scale of Rs. 1400-2300 to them, as was given to the categories of the Chargeman and Inspector. The Government of India therefore appointed an Anomaly Committee to consider the case. That Committee examined the demands of the Union, and rejected them, as it did not find the demands just and proper. Therefore, that Anomaly Committee also did not recommend the higher scale of pay of Rs. 1400-2300 to the other said five categories, namely, Planner-Gr. I, Progressman Gr. I, Fitter (T&G) Gr. I, Machinist, and Leading Hand.

The Management of the Telecom Factory, Bombay, therefore lastly prayed for the rejection of the prayer of the said five categories for granting the higher pay scale on par with the Chargeman and the Inspector.

4. The issues framed at Ex. 4 are :—

- (1) Whether the action of the management of Telecom Factory, Bombay, in not granting the scale of pay of Rs. 1400-2300 to Planner Grade-I, Progressman Gr. I, Fitter Gr. I, Precision Machinist and Leading Hand who are working in highly skilled 'A' category in Telecom Factory, Bombay, is justified?
- (2) If not, to what relief the workman working in the above trade are entitled?
- (3) What Award?

5. My findings on the said issues are :

- (1) Yes.
- (2) Issue does not survive.
- (3) Award as per below.

#### Reasons

6. Admittedly, the Chargemen, the Inspector, Planner Grade-I, Progressman Grade-I, Fitter (T&G) Grade-I, Leading Hand and Machinist are in the category of Highly skilled 'A'. Further admittedly initially the employees of all these seven categories were getting the pay in the same scale, namely, Rs. 380-560. At present, the employees of the categories of the Chargeman and Inspector are placed in the pay scale of Rs. 1400-2300, while the employees of the other five categories are placed in the pay scale of Rs. 1320-2040 per month. Therefore, the

workmen of the said other five categories have now claimed the pay scale of Rs. 1400-2300, instead of the pay scale of Rs. 1320-2040 now granted to them.

7. Four witnesses were examined on behalf of the Union. No oral evidence were led on behalf of the Telecom Factory Management. These four witnesses filed their respectively affidavits in support of their case, and they were cross examined on behalf of the management. The workman Shri S. N. Nadar working as a Machinist (Precision) in the said factory stated and admitted in his cross examination that he is working under the control of the Chargeman, and that no body is working under him. The second witness Sri P. A. Chawan, working as a Fitter (T&G) Gr. I, also admitted in his cross examination that he and 15 to 16 other persons are working under the Chargeman, and that he allots work to them and asks them to work in a particular way. The third witness Shri R. J. Parab, working as a Progressman Gr. I, stated and admitted in his cross examination that seven to eight employees are working under the control of the Chargeman. The fourth witness Shri T. S. Awsare, working as a Planner Gr. I admittedly in his cross examination that he reports for his duty to the Junior Engineer, Asstt. Engineer, Asstt. Manager and the Junior Engineer, and that no Planner Grade-II reports to him for his work. As such, the first three witnesses clearly admitted in their evidence that the Chargemen in performing the duty of supervisory nature, and they are working under him. The last witness is also working under the supervision of the Asst. Engineer etc., and as such, he himself is not discharging the duty of a supervisory nature.

8. Ex. 20 is a copy of the letter dated 30th September 1986 by the Asst. Director General (TFS) of the Government of India, Ministry of Communication, Department of Telecommunications, addressed to the General Manager of Telecom Factory, Bombay. This letter stated that as per the recommendations of the Fourth Central Pay Commission, the Technical Supervisors should be granted the pay scale of Rs. 1400-2300, and as such the Chargemen and Inspectors in the Telecom Factory who are in the supervisory cadre, should be placed in the pay scale of Rs. 1400-2300, and that for the remaining workers in operative cadres, the pay scale of Rs. 1320-2040 should be granted. As such, it is clear from this letter that the Fourth Central Pay Commission considered the nature of duties of the employees of different cadres, and placed the Chargemen and Inspectors in the pay scale of Rs. 1400-2300 as they were doing the work of a supervisory nature.

9. Ex. 36 is a copy of the minutes of the meeting of the Departmental Anomaly Committee held on 6-3-1989. It is seen there from that a demand was placed before that Anomaly Committee by the Union for placing Planner Gr. I, Progressman Gr. I, Fitter (T&G) Gr. I, Machinist Gr. I, and Leading Hand in the revised scale of Rs. 1400-2300 as in the case of Chargeman and Inspector, instead of the revised pay scale of Rs. 1320-2040. The Anomaly Committee found that the said case did not come under its scope, as there was no anomaly. Therefore, that Anomaly Committee also found, after considering the nature of the duties of the employees of the said seven categories, that there was no anomaly in fixing the higher pay scale of Rs. 1400-2300 for the employees of the

categories of the Chargemen and Inspectors, and that the fixation of the pay scale of Rs. 1320-2040 to the employees of the other five categories did not amount to an anomaly, as compared to the pay scale of the Chargeman and Inspector.

10. In this connection, my attention was drawn on behalf of the Management to the case between Umeshchandra Gupta V/s. Oil and Natural Gas Commission, of the Supreme Court, of India wherein it was held that "if the Management for good reasons classified that posts into two categories with distinct scales of pay, the Courts must generally accept, unless it is demonstrated that such classification is patently erroneous, either in law or on facts. In that case, the Supreme Court stated that Technicians Gr. II are better qualified than the Technicians Gr. III. There is qualitative difference in performance, though the nature of work may be the same. It is for the management to evaluate and not for the Courts to determine. Therefore the Technicians Gr. III cannot claim the salary as of Technician Gr. II." While deciding that case, the Supreme Court had relied upon the case reported in 1988 III SLR (L) 243 (State of U. P. V/s. J. P. Chourasia) wherein it was held that --

"Equation of posts and equation of pay must be left to the Executive Government. It must be determined by expert bodies like Pay Commissions. They must be the best judge. If there is any such determination by Pay Commission or Committee, the Court must accept it."

11. Therefore, as the Fourth Central Pay Commission and also the Anomaly Committee, after taking into consideration the supervisory nature of work of the employees of the categories of Chargemen and Inspectors, found that the fixation of pay of Rs. 1400-2300 to them as compared to the fixation of pay to other five categories in the scale of Rs. 1320-2040 was just and proper, the action of the management in the present case in fixing the pay scale of Rs. 1400-2300 to the Chargemen and Inspectors for doing the work of supervisory nature, cannot be considered as unjust, improper, or discriminatory. It is true that initially the employees of the said seven categories were getting the same pay scale, namely, Rs. 380-560. However, as the employees of the categories of the Chargemen and Inspectors are doing the work of supervisory nature, they were rightly placed in the higher pay scale of Rs. 1400-2300 than the pay scale of the employees of the other five categories who are not doing the work of supervisory nature. It may be said that the injustice done to the employees of the said two categories has now been done away with by increasing their pay scale, as they are doing the work of supervisory nature.

12. Therefore, as the Fourth Pay Commission after due consideration, recommended the pay scale of Rs. 1320-2040 to the employees of the other five categories who were not doing the supervisory work in addition to their normal duties and as the Anomaly

Committee did not find any anomaly in the fixation of two different pay scales, I find that the action of the Telcom Factory Management in not granting the pay scale of Rs. 1400-2300 to the employees of the other five categories as quite just, proper, and legal. My attention was drawn on behalf of the Union to the case reported in 1986 ILLJ Page 79 of the Supreme Court, wherein it was held that --

"Where all relevant circumstances are the same, persons holding identical post and discharging similar duties should not be treated differently in the matter of pay merely on the ground of accidental early entry into service."

As such, the facts of this case are different from facts of the case in question, and therefore, that case does not apply to the facts of the present case.

13. In the result, for the reasons stated above, Issue No. 2 is found in the affirmative. As such, Issue No. 1, is found in the affirmative. As such, is therefore passed.

#### AWARD

14. The action of the management of Telcom Factory, Bombay, in not granting the scale of pay of Rs. 1400-2300 to Planner Grade—I, Progressman Gr. I, Fitter Gr. I, Precision Machinist and Leading Hand who are working in highly skilled 'A' Category in Telcom Factory, Bombay, is legal and justified.

15. The parties to bear their own cost of this reference.
